FIFTY-NINTH YEAR | No. 148 | LINCOLN, NEB., THURSDAY MORNING, MARCH 23, 1961 | SEVEN CENTS

State Labor Angry

BILL TO TAX RECEIPTS 'ILLEGAL'

By Don Walton

Organized labor Wednesday strongly protested as unconstitutional legislative bills to tax gross receipts of unions and provide detailed state regulation of their activities.

The measures, sponsored by Sen. Jack Romans of Ord, were debated in a 3½-hour hearing before the Labor and Public Welfare Committee.

The committee adjourned without taking any action.

A battery of labor attorneys and officials vigorously contended that the two Romans bills are oppressive and discriminatory.

Labor unions "could not operate effectively in the state" under provisions of LB612, State AFL-CIO President Richard Nisley of Omaha argued.

Detailed Regulation

The measure provides for detailed regulation of unions, including complete financial reports, election procedure, filing of all working agreements and regulation of labor organizers.

LB612 would also prohibit union contributions to political parties or candidates.

Romans said the measure compares to regulations under which Nebraska businesses must now operate.

It would, he said, "protect the working man . . . and tend to keep undesirables out of unions."

Robert Nelson of Lincoln, representing the Nebraska Small Truckers Assn., said he drafted the bill.

Supporters

It attracted support from the Associated Industries of Nebraska, the Midwest Employers Council and the Nebraska Lumbermen's Assn.

Proponents said the measure would aid the state's business climate, provide protection for both the public and the union member and spur industrial development.

Omaha attorney David Weinberg, representing the AFL-CIO, declared that the legislation contains "at least

CATCHING MICE IS NOTHING

Shiner, the family pet on the Matt Heiderscheit farm near Holy Cross, Iowa, finds the steering wheel of a tractor just the place to sun himself and think of planting corn rather than waste the day chasing mice.

Planners Given Airport Areas

. . . WOULD BE 'SATELLITES'

By Virgil Falloon

General locations for "satellite" airports for designation in the 1980 Regional Plan were submitted Wednesday to the City-County Planning Commission.

This planning was urged by the Lincoln Airport Authority, which said the additional airport facilitities would be needed in the next 20 years due to the city's growth even if the Lincoln Air Force Base second-runway plan is approved in Washington.

Two alternative locations were proposed for a general aviation airport south of the Waverly interchange of Interstate Hwy. 180 northeast of Lincoln.

Satellite airport locations were proposed for the Union Airport site, an area on the north side of O about 7 miles east of 70th, and an area two miles south of O and 2½ miles east of 70th.

C. Robert Fulton, an authority member, said a federal decision on the second-runway plan is still being awaited.

"There are some minor problems," he added, "but nothing insurmountable."

Street Plan Opposed

Clyde Card, representing the State Securities Self-Park Garage at 14th and N, appeared in opposition to the proposed street layout in the downtown Lincoln plan.

He said the proposal to

INDIANA SCOTS A THRIFTY CLAN

Indianapolis (AP)—A banker convinced Probate Judge Joseph G. Wood that there are no destitute Scotsmen in Indiana.

Louis S. Eggert reported he couldn't find any Scotsmen to qualify for aid from a trust fund set up in the 1917 will of James Proctor, local businessman.

So Judge Wood accepted Eggert's plan to split the $10,000 fund among 7 United Fund Charities.

Proctor's trust fund was intended for "the benefit, care, maintenance, support, entertainment and-or burial of such destitute Scotsmen that are residents of or are sojourning in the state of Indiana."

Legislative Calendar

SPRING WILL FINALLY SHOW

Spring is expected to make its Nebraska debut Thursday 3 days late.

Generally fair and warmer weather is on tap for the whole state, the weatherman said.

Light jackets will still be in order, however; high temperatures are expected to remain in the 50s and perhaps nudge over 60.

Wednesday's high was McCook's 59 reading.

Lincoln's high was 48, the low 36.

JFK Signs Feed Grains Bill

HIGHER PRICE SUPPORTS ANNOUNCED

Washington (AP) — Less than two hours after the Senate completed Congressional action, President Kennedy signed into law Wednesday a program designed to reduce the surplus of corn and other feed grains.

Kennedy signed the bill at 4:17 p.m., with Secretary of Agriculture Orville L. Freeman among those watching him.

The Senate had acted about 2:30 p.m., passing by a 58-31 vote a compromise version of the legislation passed Tuesday by the House.

Freeman lost no time in launching the program. He announced 3 field meetings will be held — the first at Omaha Thursday — to outline the program to department field personnel who will contact farmers. Freeman will address the Omaha meeting.

The second meeting will be held at Denver Friday with Assistant Secretary James T. Ralph the principal speaker, and the third at Atlanta Monday with Undersecretary Charles S. Murphy making the main address.

Freeman said in a statement he felt certain farmers will cooperate to make the program effective in reducing feed grain production. He said he expects at least 70% of the corn and grain sorghum producers to participate.

Shortly after Kennedy signed the program into law Freeman announced national average price support rates for feed grains.

The rates include: corn $1.20 a bushel average for all grades; barley 93 cents a bushel for grade No. 2 or better; grain sorghum $1.93 a hundred pounds for grade No. 2 or better; oats 62 cents a bushel for grade No. 3 and rye $1.02 a bushel for grade No. 2 or better or grade No. 3 on test weight only.

These rates compare with last year's rates of $1.06 for corn, 77 cents for barley, $1.52 for grain sorghums 50 cents for oats and 90 cents for rye.

Freeman also announced 1961 crop supports for oil seeds, as follows: soybeans $2.30 a bushel compared with $1.85 last year; flaxseed $2.80 a bushel for grade No. 1 compared with $2.38 last year; and cottonseed $49 a ton on farm-stored cottonseed and $45 a ton for cottonseed purchased by the government from producers. Last year's cottonseed rates were $38 and $34, respectively.

He said the previous administration's proposed rates were 45 cents lower for soybeans, 51 cents lower for flaxseed, $11 lower for cottonseed, 14 cents lower for corn, 41 cents lower for grain sorghums, 12 cents lower for oats, 16 cents lower for barley, and 12 cents lower for rye.

RUSSIANS WARNED

. . . Strong Laos Action Readied By U.S.

By John M. Hightower

Washington (AP)—Great Britain, in consultation with the United States, started an urgent new effort Wednesday night to draw Russia into serious negotiations aimed at ending the crisis in Laos.

The move came as Vice President Lyndon B. Johnson in effect gave the Soviets a warning of possible strong new measures by the United States to prevent the southeast Asian kingdom from being taken over by Soviet-backed rebels.

Johnson said this country does not intend to stand by and let Laos be "gobbled up by an armed minority supported from the outside." He made the statement amid reports that President Kennedy may be planning more military help to Laos unless Moscow agrees quickly to a diplomatic solution of the crisis.

New Note Delivered

The British move took the form of a new note delivered to Soviet officials in Moscow. Russia had proposed an early 14-nation conference on the Laotian crisis as a means of seeking settlement. The British reportedly made a counter proposal.

The counter proposal, it is understood, carries a proviso that the fighting in Laos be stopped before a conference is held.

Kennedy, earlier in the day, scheduled a news conference for 6 p.m. (EST) Thursday with arrangements for live radio and television coverage. This gave rise to speculation that the President planned a statement of U.S. policy on the increasingly dangerous situation in Laos.

The timing of the British note and the President's news conference gave rise to a rumor that Kennedy was in effect giving Soviet Premier Khrushchev a 24-hour ultimatum.

But administration officials were quick to deny any such intention. A White House spokesman said that "the story of any 24-hour time limit is totally inaccurate."

Congressmen Briefed

Johnson read his statement after he and congressional leaders were briefed by Secretary of State Dean Rusk and Allen W. Dulles, director of the Central Intelligence Agency.

"I am not going to attempt to characterize the information that we received," Johnson said.

"I think I can say, however, that this is a situation which must be viewed, not with alarm, but with great seriousness.

"And I think it should be known to the world that the United States, while it is going to be reasonable and prudent in all of its moves, is not in a mood to meekly permit an independent nation to be gobbled up by an armed minority supported from the outside."

It was assumed Johnson's statement represented the thinking of the administration and could be interpreted as a blunt—although indirect—warning to the Soviet Union.

The administration has shown concern over reports that pro-communist rebels—supplied by a Soviet airlift—have consolidated their position in northern and eastern Laos and are marching on Vientiane, capital of the southeast Asian kingdom.

Adlai, Soviet Find 'Some Agreement'

United Nations, N.Y. (AP) — U.S. Chief Delegate Adlai E. Stevenson said he and Soviet Foreign Minister Andrei A. Gromyko found a considerable area of agreement Wednesday in a discussion of how to proceed toward disarmament.

But he also told reporters that agreement was "by no means complete." He talked with newsmen after meeting privately for an hour and three-quarters with Gromyko and Soviet Deputy Foreign Minister Valerian A. Zorin.

Stevenson said he thought there was an understanding that new disarmament talks should take place in Geneva, where the Soviet side walked out on the old 10-nation East-West disarmament committee last June 27.

Differences

But he said there were still differences over the makeup of the new disarmament group, the time for resumption of negotiations and the principles to govern them.

Stevenson said the talk was not affected by the bitter exchange he and Gromyko had in the General Assembly Tuesday over the Congo.

"We turned over a new leaf," he explained.

Unmentioned

He said Laos did not come up in the conversation.

The meeting took place in the office of the president of the U.N. Security Council, a post Stevenson holds this month.

It was his fourth meeting with Gromyko in the last 3 weeks, not counting the luncheon Secretary of State Dean Rusk gave for Gromyko and Stevenson in Washington Saturday.

Stevenson said they discussed disarmament and how the matter should be treated in the assembly's current session.

Reception Plan Gets Approval

A plan to establish a central reception center at the Nebraska Men's Reformatory to process incoming prisoners for both the Penitentiary and Reformatory was endorsed Wednesday by the Legislature's judiciary committee.

Sent to the floor on a 6-1 vote was LB374, introduced by Sens. Ed McHugh of Murdock and Joe Vosoba of Wilber.

Since givng the bill a public hearing March 1, the committee has visited both institutions.

The proposed central reception center would be staffed by a director, a psychologist, a social worker, a psychiatrist and custodial forces.

Some Oppose

The measure was opposed by at least two Board of Control members, who estimated it would involve a building program costing $350,000 to $500,000, plus at least $42,000 a year in salaries.

Other bills heard earlier but acted upon favorably Wednesday included:

LB406, making it a crime to remove leased property from the state without consent of the owner; advanced 7-1.

LB378, removing from statutes several sections relating only to the City of Lincoln, for harmonizing purposes; advanced 7-0.

LB39, a corrective bill recommended by the revisor of statutes; amended and advanced 7-0.

LB 282, requiring registration of all voters in Douglas and Lancaster counties (over 60,000 population), advanced 7-0.

POLICE DISCOVER:

Many A Slip 'Twixt Crooks And The Till

By Gary Rodgers

Do you like to live by your wits, are you a good actor, and do you have a quick mind and swift hands? These qualifications are common to the average swindler, says Capt. Bob Sawdon of the Lincoln Police Detective Bureau.

Fast talk and fast shuffles bilk businessmen, in Lincoln as elsewhere, out of huge sums of money every day.

Take this situation:

A man comes into a business place during a rush period and buys a low-priced item, giving a twenty dollar bill in payment. After he has been given his change he counts a pile of ones and asks for a ten, "not wanting to carry all the small bills," Happy to oblige, the clerk brings a ten from the register and then discovers that the customer has given him only 9 one's.

Here's The Finale

When this is called to the customer's attention, he quickly brings from his pocket an additional one and putting it with the ten and the 9 ones says "why don't you just give me back my twenty."

It is done and the customer leaves. The result—the businessman has just been short-changed $10.

Does it sound like it couldn't happen? It can, and did—right here in Lincoln this week.

$10 Richer

A man, about 60, walked into a Lincoln bar, ordered a 10c beer and walked out moments later $10 richer.

It happens over and over again, Capt. Sawdon warns. They always go for the small stuff, 10s and 20s. But it adds up for the swindler and subtracts from business profits.

What can you do about it? Be on the alert during fast talk and fast money exchanges, Sawdon advises. And if they look suspicious, try to remember features and license numbers.

Hawley Shifts Sand, Officials Still Sleeping

Laguna Beach, Calif. (AP) — Homesteader Pat Hawley again has outwitted harrassed city fathers of this seaside artist colony—simply be being an early riser.

Hawley, a television bit player, claimed this 283-square-mile resort under the Homestead Act after learning no one knew who had title to a right of way traversing it.

Under the act, a claimant must move 7 cubic yards of earth within 60 days to make the claim valid. So city officials barricaded all entrances to the public beach.

Hawley made a public announcement he'd move the earth at 10 a.m. then he rented a 2-ton truck and drove onto the beach before dawn via a non-barricaded alley. He and two other men loaded the truck twice with enough sand to meet the requirements of the Homestead Act.

When police arrived at 10 a.m. they found Hawley, smiling, standing next to the huge mound of sand he moved.

Two Appointed To Star News Posts

DOBLER BECOMES EDITOR, DYER NAMED AS EXECUTIVE EDITOR

Walter W. White, publisher, has announced the appointment of William O. Dobler as editor and W. Earl Dyer, Jr. as executive editor of The Lincoln Star.

In the realignment of executive positions in the news and editorial departments, Larry A. Becker will serve the newspaper on a special assignment basis. Mr. Becker has been managing editor since September of 1957, became news editor in 1950, city editor in 1921 and was a reporter prior to that time.

Mr. Dobler will continue his editorial responsibilities as well as direction of other departments on the news side. He has been with The Star since January of 1950 and has dealt in all phases of news reporting.

Dobler

Mr. Dobler was appointed editorial page editor in September of 1957. He is active in community affairs, including membership on the board of the Chamber of Commerce, the Park and Recreation Advisory Board, the board of the Lincoln-Lancaster County Humane Society and others.

SDX Leader

In professional circles, he is president of the Nebraska chapter of Sigma Delta Chi, professional journalism society, and a member of the American Society of Newspaper Editors. He is a graduate of the University of Nebraska School of Journalism. In church affairs he has served on the board of the Holy Family Church Home and School Association and is a member of the Serra Club. He is a member of the Sertoma civic club.

Mr. Dobler is married to the former Mary Nancy McMullen of St. Joseph, Mo., and they have 4 children. The family lives at 3878 Smith.

Mr. Dyer will have active charge of the operations of the news department of the paper. He became a reporter for The Star in June of 1948 and became city editor in January of 1953.

He was born in Kearney, Neb., and attended high school in Nebraska City where he had his first newspaper experience as a reporter for the Nebraska City News Press. A graduate of the University of Nebraska, he is a member of Phi Beta Kappa, honorary scholastic fraternity, and was organizer and first president of an international student co-operative house on the campus.

Dyer

He made an extensive bicycle tour of Europe for 8 months in 1950 while on leave from The Star. He has been active in Indian affairs and is now chairman of the Nebraska Board of Review and secretary of the Advisory Council of "We Shake Hands," a project with Nebraska Indians.

Mr. Dyer has also been active in political and other community affairs, including membership in the Chamber of Commerce, the board of the Crippled Children's Society, the board of the Lincoln Community Concert Association, local board of the National Conference of Christians and Jews and the Lincoln Association for the United Nations.

He is a member of the Rotary Club, is single and lives at 4250 W.

Today's Chuckle

Wife: "A letter came for you today marked 'Private and Personal.'"

Husband: "What did it say?"

JOBLESS AID PASSES

Washington (AP) — Legislation providing for a $1 billion emergency extension of unemployment benefits cleared both houses of Congress Wednesday and went to President Kennedy.

The House passed the bill first by a roll call vote of 361-31. Then it won Senate approval on a voice vote.

It was the first major administration measure to pass Congress.

President Kennedy placed the bill at the top of his list of emergency measures to deal with the recession.

It provides that 15 days after enactment, which would be when the President signs the bill, extra unemployment checks would start going out to persons who have been out of work so long they have exhausted their present benefits.

Labor Department officials said the measure means nearly $1 billion in extra benefits to as many as 3 million jobless during the two-year life of the program. The two years start with last July 1.

Duration of the extra benefits would vary in the different states, but could run for a maximum of 13 weeks.

Compromise

In its final form the bill was a compromise of slightly differing versions passed previously by the House and Senate.

One conflicting point was the starting date of a fourtenths of 1% payroll tax increase intended to pay for the extra benefits. The Senate originally voted to start the tax last Jan. 1, but administration forces won a move to make the date next Jan. 1.

The tax increase also would run for two years.

Under the bill, the federal government would advance money to the states to start the program, and would be reimbursed later from proceeds of the tax increase.

Railroad Aid

In another facet of the same problem, Kennedy asked Congress to appropriate $54 million to finance extended compensation for unemployed railroad workers and for aid to dependent children of jobless parents.

The President asked $24 million for idle railroad workers, and $30 million for public assistance grants to states to finance the first 3 months of an emergency program of aid to the children of unemployed parents.

The money is for the fiscal year that ends June 30.

Revamp Foreign Aid Program, JFK Asks

$7 BILLION FOR 5 YEARS REQUESTED

Washington (AP) — President Kennedy asked Congress Wednesday for a sweeping revision of the foreign aid program because "we live at a very special moment in history."

The heart of the President's plan: Help to "the southern half of the globe" on a long-term basis, freeing the President from battling year after year to push foreign aid through Congress.

Specifically he asked for $7.3 billion for a new foreign aid agency to make loans during the next 5 years, mostly to the world's underdeveloped nations.

Kennedy did not give a dollar estimate for his total program. But other officials guessed it would come to several times the $7.3 billion earmarked for economic loans during the first 5 years.

For the coming year, he asked only the $4 billion originally proposed by former President Eisenhower in his budget.

Major Overhaul

In his message, Kennedy displayed more concern with concepts than with money. He asked Congress for the biggest overhaul in foreign aid programming since the Marshall Plan started in 1948.

The reaction from Congress followed expected lines. Those senators and representatives normally in favor of foreign aid praised Kennedy's message. Others criticized it.

Party affiliation did not seem to affect reaction. Sen. Jacob K. Javits, (R-NY), said the message "presents a perceptive and statesmanlike program in the best bipartisan tradition."

But Sen. Allen J. Ellender, (D-La), said of the program: "Too much, too much."

Kennedy said "the 1960s can be—and must be—the crucial 'decade of development.'"

He defined this decade as "the period when many less-developed nations make the transition into self-sustained growth" and "an enlarged community of free, stable and self-reliant nations can reduce world tensions and insecurity."

Historic Opportunity

The President said the 1960s offer an historic opportunity for the industrialized nations to put half the underdeveloped nations on a self-sustaining basis and to move the rest closer to the day when they no longer will need aid.

He said the United States has moral, economic, and political obligations to continue foreign aid.

Kennedy proposed:

1. A single administrative agency, reporting to the President and secretary of state, to take over the functions of these agencies:

The International Co-operation Administration, the Development Loan Fund, the Food for Peace Group, some branches of the Export-Import Bank, and the Peace Corps.

2. A 5-year basis for part of the program. This would include 5-year authorization for the new agency and authority for it to borrow directly from the Treasury to make loans during the next 5 fiscal years.

Kennedy asked that the agency be allowed to borrow $900 million in the fiscal year beginning July 1 and $1.6 billion a year in the next 4 fiscal years.

3. Separation of arms assistance from economic aid. Kennedy said that military assistance programs, which now run to $2 billion a year, would be included in the defense budget instead of the foreign aid budget.

WEATHER AHEAD

Nebraska temperatures through Monday are expected to average 3 to 5 degrees below normal in the east to near normal elsewhere. Normal highs are 48 to 53 while normal lows are 25 to 32. Precipitation amounts are expected to average .10 to .20 inches.

BING'S WIFE CAMPAIGNS FOR HER DAD

Delbert E. Grandstaff, West Columbia, Tex., teacher, may or may not have the most supporters in the April 4 special U.S. Senate race, but he has one of the prettiest, his daughter Kathryn Grant—Mrs. Bing Crosby. Kathy and father go over campaign strategy in her Houston hotel room.

Those New Shrubs Are Not To Hide Caroline

Washington (AP) — Some landscaping is in store for the White House grounds, but press Secretary Pierre Salinger insisted Wednesday the purpose is not — as reported — to hide 3-year-old Caroline Kennedy from public view.

Salinger described the landscaping project as modest. He said it had been planned since 1935 but nothing had ever been done. He explained it included the planting of shrubbery in the southwest area of the grounds.

With some heat, Salinger brushed off a newspaper story saying the landscaping was intended to cut off public view of the President's daughter while she plays outside the White House.

"Of all the stories I have read, this one is the most preposterous," Salinger told his news conference.

He said it was completely unthinkable that any President — particularly Kennedy, he added—would hide the White House from the public.

Salinger insisted there never had been any plan to plant tall rhododendrons just inside the fence surrounding the White House. He said the shrubbery to be planted, including rhododendrons, would not be near the fence.

JFK Signs Pact Giving Ike 5-Stars

Washington (AP) — President Kennedy Wednesday signed legislation restoring former President Dwight D. Eisenhower's Army rank of 5-star general.

At the same time Kennedy wrote Eisenhower calling the action "a reaffirmation of the affection and regard of our nation for you."

Eisenhower resigned his Army commission a few days after he was nominated for the presidency in July 1952.

Here is the text of Kennedy's letter to Eisenhower, whom he addressed as "Dear Mr. President":

"It gives me a great deal of pleasure to inform you that I have today approved the act of Congress authorizing your appointment to the active list of the regular Army as General of the Army with your former date of rank in such grade. I have directed that a commission be prepared immediately.

"The legislation constitutes a reaffirmation of the affection and regard of our nation for you.

"I have arranged to have an exact copy of the enrolled bill made and it is enclosed herewith.

"With every good wish, I am, sincerely.

"(Signed) John F. Kennedy."

Entrance, By Jimmy

Secret-Taking Nets 'Revere' 8-Year-Term

Alexandria, Va. (AP)—Arthur Rogers Roddey, a mathematician accused of lifting classified papers from the Pentagon, Wednesday received an 8-year sentence for unauthorized possession of a secret defense document.

Roddey had pleaded guilty last month to that count—one of 12 on which he was indicted.

Federal Judge Albert V. Bryan, in imposing sentence, said only the guilty plea saved Roddey from the maximum of 10 years in prison and a $10,000 fine. Bryan had deferred the sentencing while he examined a probation report.

Roddey, 38, was arrested after investigators discovered a number of Pentagon documents in his home at Falls Church, Va. Until last August, he had worked in the Defense Department for a private firm.

The FBI emphasized that Roddey was not charged with spying nor working for a foreign government, when Roddey pleaded guilty, his lawyer depicted him as sort of "a Paul Revere wanting to sound an alarm."

Tersely Told Tales

Bangkok, Thailand (AP)—U.S. Adm. Harry D. Felt has persuaded the Southeast Asia Treaty Organization's military strategists to take a stronger stand on communist intervention in Laos, informed sources said Wednesday.

SEATO'S military advisers opened their semi-annual meeting with a statement calling for military planning "to resist and repel communist aggression, in the light of recent developments in the treaty area."

★ ★ ★

Washington (UPI)—The Internal Revenue Service reported Wednesday that as of Monday night it had mailed income tax refund checks totalling $1.7 billion to 15.2 million people.

★ ★ ★

Washington (AP) — The administration proclaimed a no-compromise stand on its minimum wage bill Wednesday but backstage efforts were reported under way to stave off a threatened setback for Peesident Kennedy.

As House debate opened on the measure, a powerful coalition of conservatives apparently had the votes to defeat the key administration bill. Final House action is due Friday.

★ ★ ★

Marysville, Calif (AP)—A 4-engine Air Force Super Constellation cargo plane carrying a crew of 6 crashed and burned in a rain-swept field near here late Wednesday. There were no survivors.

Washington (AP) — Sen. Spessard L. Holland, D-Fla., said Wednesday the Columbia Broadcasting System has damaged the nation by the sale abroad of "Harvest of Shame," its documentary film on migratory farm workers.

"That the CBS officials responsible could, for a few pieces of silver, permit this malicious and false slander against our nation to be presented abroad is incomprehensible," Holland told the Senate.

Labor Says Bills 'Illegal'

(Continued From Page 1)

7 provisions already declared unconstitutional" in Texas and U.S. courts.

The bill was patterned after a 1943 Texas statute.

Other sections of the measure would be unconstitutional through direct conflict with the requirement that "federal law prevails in areas of parallel regulation," Weinberg argued.

All Nebraska labor unions, he said, are now regulated under the 1959 federal Landrum-Griffin labor bill.

LB612, Weinberg suggested, is "unduly onerous and oppressive" in addition to being unreasonably costly to administer.

LB611 seeks to levy a 2% tax on gross receipts between $5,000 and $50,000, and a 3% tax on receipts in excess of that amount.

Romans told the committee the bill was designed to "raise the amount of money needed to administer the State Department of Labor."

Robert O'Connor of Omaha, representing the building trades, contended that the measure is unconstitutional in that it "taxes a special group."

Levy Income Tax

A revenue measure, the bill would levy an income tax which "would prohibit the state from levying a property tax thereafter," he suggested.

Weinberg said the legislation also violates the U.S. constitution.

"The power to tax is the power to destroy," he reminded the committee.

Nisley proposed that the committee amend the bill to include all non-profit, religious, fraternal and educational groups under its provisions.

The Rev. William E. Chapman of Omaha, pastor for the United Presbyterian Church, said the measure could even now conceivably include his church under its tax provisions.

EXPERT ADVICE FOR BEST RESULTS

Building Spurt Delights Auburn Town Boosters

By Dean Terrill
Southeast Nebraska Bureau

Auburn—To visitors it may sound only like noisy hammering, but to town boosters the construction projects planned here over the next few months will be more like music.

Mayor Pohlman

Over $600,000 is expected to be poured into the community through a variety of building jobs that should make for a temporary boom, said Mayor Floyd Pohlman.

Nearly two-thirds of this is in the $400,000 Nemaha County Hospital recently endorsed by voters and to be located at the west edge of town along Highway 136.

"We're awaiting government approval of the plans, but hope we can get started within 90 days," he remarked.

$40,000 Clinic

A somewhat related project is a $40,000 medical clinic planned by Drs. Paul Scott, John Thompson and Jackson Bence, the latter planning to come here from Loup City. Completion is expected by July 1.

Two new grain elevators will add storage of 75,000 bushels by wheat harvest time, additions planned by both the Auburn Elevator Co. and Hecht Grain Co.

Perhaps less spectacular than the private projects, but valuable to municipal progress, are several improvements planned by the city itself. Biggest of these dollarwise is a 7-block paving district slated for northwest Auburn this summer and estimated to cost some $75,000.

"We already have over 18 miles paved of our 27 miles of streets, and that's something we're mighty proud of," Pohlman remarked.

A 14-block sewer project at the west edge of town is under way now, and its completion will mean service is available for the entire city.

Initial planning has begun on a 4-H building for the county fair grounds, which probably will be a community project sometime this summer. The mayor, also a fair board member, explained that this will replace the old community auditorium recently torn down on the grounds.

The city also is contemplating a $4,000 shop addition for the municipal airport.

One thing which isn't in the offing is street lights, Pohlman added proudly. Mercury vapor lights were installed last summer throughout the entire town, including residential areas.

Expansion Of Grand Island Plant Is Told

Grand Island—Big Chief of Nebraska announced the expansion of their present operation here to include the fabrication of steel grain bins.

Virgil R. Eihusen, president of Big Chief, sad that the first machinery has been received and it is planned to have the plant in operation within the next 30 to 60 days.

"We expect to employ up to 45 to 50 persons," he said, "with an annual payroll of $200,000 per year. Eihusen stated that the Grand Island Industrial Foundation had been instrumental in assisting his firm in this expansion program.

On hand to congratulate the firm for its expansion program were Mayor Frank D. Ryder; S. N. Wolbach and Jim Beltzer, vice presidents of the Grand Island Industrial Foundation; and Ed Boernke, president of the Grand Island Chamber of Commerce.

Jim Beltzer of the Industrial Foundation said that the foundation feels it is just as important to assist local firms to expand as it is to secure new industries.

"This is the second firm," he added, "to announce plans for development in Grand Island this year. In January, it was announced that New Moon Homes of Dallas, Texas, will establish a plant in the Third City.

Midwest Democratic Leaders Will Confer

Newcastle (AP) — Nebraska Democratic Chairman Russell V. Hanson said Democratic leaders from 14 midwest states including Nebraska will meet in Minneapolis April 7-9 for the annual midwest Democratic conference.

3 Adrift For 18 Days Safe

Panama (AP)—Three sunburned and sometimes incoherent men Wednesday gasped out the story of a pleasure boat ride that turned into an 18-day ordeal at sea and death for a companion.

They had been adrift in a 20-foot boat without food or water until the United Fruit Co. transport Vaque picked them up Tuesday night 6½ hours out of Cristobal Harbor in the Canal Zone.

Vicente Solognier, 25, who had drunk salty sea water during the ordeal, died soon after being taken aboard. The others, Elberto Solognier, 34, brother of the dead man; Hermes Vandenberg, 24, and Robert Rasmijn, 25, were taken to a hospital where they were reported in reasonably good condition.

Officials said the 4 men had been on a pleasure cruise around Aruba Island when their boat's inboard engine broke down.

North Platte Man Injured In Crash

Omaha (AP) — A 51-year-old North Platte man was in satisfactory condition at a hospital Wednesday after being hurt in a 3-car, rear end collision west of Omaha.

Frederick Hullett was treated for face cuts and internal injuries.

Douglas County sheriff's deputies said his car struck the rear of a car stopped for a red light, shoving it into another car.

Pierce Youth Pleads Innocent

Madison (AP) — Johnny Rossmeier, 19, Pierce, pleaded innocent to failing to stop at the scene of a fatal accident.

District Judge F. H. Pollock set Rossmeier's trial to begin May 1.

Rossmeier is charged in the hit-and-run death last November of 6-year-old Debbie Ziegenbein of Norfolk. Larry Kruger, 19, Hadar, charged with being an accessory after the fact, pleaded innocent in Justice Court in Norfolk.

Rossmeier will remain in jail pending trial. Authorities said that since he is in the Army he would not be freed even though he made bond.

Stone Hurling Rioters, Cops Fight In Seoul

Seoul, Korea (AP) — Hurling stones, anti-government demonstrators battled police near Premier John M. Chang's residence Wednesday night in the first major clash since the downfall of Syngman Rhee regime last April.

At least 30 policemen were injured, police said, and one police patrol car was damaged in the 30-minute clash. Many demonstrators were reported injured but the exact number was not determined.

About 200 police finally fired tear gas to subdue the more than 300 diehard demonstrators who attempted to march on Chang's home.

Eighty-three persons were arrested, including two leaders of the Socialist Mass Party.

The demonstrators, mostly youths, were part of at least 5,000 who took part earlier in a street march denouncing government plans to enact two new security bills. The group tried to march toward Chang's home but was stopped 200 yards away. Chang was not home at the time.

Weather Delays Farm Activity

Farm activity was slowed throughout most of the state during the past week because of weather conditions, the State Division of Employment Security said.

Rape, Robbery Charges Filed

Omaha (UPI)—Albert Ward Wellman, 32, Omaha, was charged Wednesday with the rape of a 19-year-old girl and the robbery of her companion last Thursday night here.

Wellman was arrested at his father's farm near Orchard, Neb., and returned here by Omaha detectives.

Police said the rape victim and another woman had identified Wellman from photographs. The second woman, Mrs. Helen Pokorski, Omaha, said she was accosted in her home Thursday night a short time before the rape occurred. She said she scared off the intruder and bit his hand.

Detective Sgt. Herman Mangiaruca was credited with providing a tip leading to Wellman's arrest. He said he recalled Wellman from other brushes with the law when he heard the rapist's description.

Second Crash Victim Dies

Sabetha, Kan. (UPI)—Jerry Manley, 19, Pawnee City, Neb., died in a hospital here of injuries suffered Sunday in an accident near here.

Manley was pulled from the wreckage with the body of a companion, Vincent Phillippi, 39, Liberty, Neb.

Investigators said they have been unable to learn the cause of the accident or who was driving the car.

'Satellite' Airport Areas Proposed

(Continued From Page 1)

make N an east-bound one-way street would have adverse effects on the parking garage.

"Only two per cent of our business drives in from the west, the remainder comes from the east," he said. "Don't ruin an old established firm with a one-way-going-home street."

Card urged that N and P be made 6-lane, two way streets with parking removed instead of one-way as proposed in the plan.

He suggested O be made a "slow traffic" street by restoring diagonal parking in the downtown district.

Also urged was removal of all parking meters in the downtown area, enforcement of parking time limits by policemen, and installation of "scramble lights" on O for non-directional pedestrian movement at intersections.

Chairman E. J. Faulkner said Card's suggestions were "interesting" and would be considered by the commission.

Faulkner said another commission planning session, aimed at finalizing the Regional Plan by April 1, would be held next Wednesday at 1:30 p.m.

Also attending will be Eldridge Lovelace of Harland Bartholomew & Associates, consultant on the Regional Plan.

In other action, the commission deferred a request for local business zoning of the Wayne Price and J. J. Jessee tract near the southeast corner of the U.S. Hwy. 77 and Interstate Hwy. 180 interchange.

Planning Director Douglas Brogden recommended deferment of the Price-Jessee application as well as another one until the commission can establish a zoning policy for Interstate service facilities in the Regional Plan.

Brogden said special zoning for the Interstate should limit the uses to those serving the traveling public and not be available for general commercial purposes.

The commission also recommended:

—denial of multiple-family zoning for a tract south of High between 12th and 13th, requested by J. T. Allen for a proposed 19-unit apartment court.
—approval of light industrial zoning for property fronting on both sides of Rose between 6th and 7th, requested by Dobson Bros. Construction Co.
—approval of special permit to Jennie N. Leach to operate a nursing home at the southeast corner of 12th and High.
—approval of final plat for Orcutt Acres, a 38-lot replat near 56th and R.
—approval of commercial zoning of 3 lots at the southeast corner of 63rd and Platte, as requested by H.C. Wittman for a proposed laundromat, and the 3 lots at the northeast corner of the intersection.

Thompson Given Top Cudahy Post

Omaha (AP) — Paul B. Thompson was elected Wednesday as president and chief executive officer of Cudahy Packing Co.

Thompson has been executive vice president and treasurer. He succeeds Louis F. Long who was named vice chairman of the board.

A native of Lamar, Mo., Thompson has been with Cudahy since 1925. He has been treasurer since 1938 and executive vice president since 1952.

Charles J. Brude Jr. was elected to succeed him as treasurer, directors announced.

Farm Stability Nearing

By WILLIAM O. DOBLER

The nation's agricultural picture is beginning to clear somewhat with an emergency feed grains bill on the verge of final congressional approval. The bill is a compromise between prior programs arrived at separately between the House and Senate. The measure has been given the final blessing of the House and is expected to have smooth sailing at this point through the Senate, if not now already approved.

Involved are the two basic principles of acreage controls which many people find unpalatable but which still are essential in view of existing concepts on the agricultural scene. Under the plan, price supports on corn would go from $1.06 to $1.20 per bushel and the floor for other feed grains would be on a comparable basis. To receive such supports, the farmer would be required to retire at least 20 per cent of his land and for this would receive, in addition to supports, a cash bonus equal to 50 per cent of the value of the crop that would normally have been grown on the retired acreage.

Supports And Controls

Another 20 per cent of land could be retired and the payoff would be in kind from the government surplus stocks up to 60 per cent of what the retired land could have produced. But the program, however, would not work without an additional incentive to take part in it. Too many farmers would rely on their neighbors to cut back and comply while they took advantage of a market price inflated by government supports and produced to the limits of every acre they owned.

This is the thing that happened to the program of the last administration and it was a major contributing factor to present agricultural ills. Exact details of how compliance will be encouraged under the new program are not yet known but involved will be direct government activity in the market.

★

It has not been enough in the past simply to guarantee a lower price to non-compliance growers because the compliance support price kept the free market price up to respectable levels. But under the new program the government apparently will be empowered to dispose of surplus stock at strategic times in order to exercise some control over the free market price. There is nothing complicated about the procedure. If the market price goes too high because of supports, then the government would simply dump some of its surplus and this would cut the market price.

There are storage complications in any market manipulations but these are details which will not change the overall approach. The program is not going to cure the farm problem and is, in fact, considered only as a one-year stopgap measure. But it should go a long way toward guaranteeing agriculture a fair share of the nation's economy in the 1961 crop year. At the same time, the program could result in a savings to the government by bringing production more nearly in line with consumption.

★

If everything the farmers of this nation grew could be shipped into a waiting market, the entire agricultural problem would vanish into thin air. But with the great technological advances that have been made on the farm front in recent years, this cannot be accomplished without price supports and forced production controls. The day may come when another approach is possible but none of the experts has yet figured out that answer.

The answer possibly might lie in the long-range approach of the administration to the farm problem. This is the place at which the picture of the future brightens again. There is uncertainty in the self-determination plan for farmers that President Kennedy has advocated but there is also a great deal of merit in it.

The very people who have criticized price supports and acreage controls have even labeled the self-determination program as undemocratic and as a destructive force on the farmers of America. It is beyond our comprehension to see how any program could be more democratic than one of self-determination. As to the destruction of American farm life, it would have to be done by the farmers themselves and it is doubtful that they are yet ready to write their own obituary. It is Kennedy's hope that Congress will pass blanket authority for the Department of Agriculture to work out a new farm program with farmers themselves.

Program Of Self-Help

The farm population would then vote on the program and Congress would retain a final veto authority over whatever decisions were made by the farmers and the administration. It would seem that if this kind of an approach could not produce a real solution to the problems, then the problems are insurmountable. What has gone through the legislative mill on this subject and what is yet possible lends a great deal of encouragement to things at this point.

"Well, I Took You All The Way To The Top"

DREW PEARSON

Justice Offices Have New Look

WASHINGTON — Two months have passed since President Kennedy made the most controversial of all appointments to his cabinet — that of his brother. This column was among those skeptical about the wisdom of the appointment; so with enough time elapsed for the new attorney general to find himself, let's take a look at how he is doing.

On the surface Bob Kennedy has caused a revolution in the normally punctilious, sometimes red-tape-bound justice department. The long, high-domed office of the attorney general, which resembles the corridor-like office through which Benito Mussolini made his visitors tramp before reaching his desk, is now cluttered with stenographers, desks, and typewriters. The new attorney general has abdicated. Instead he sits in a small office in the rear where, in shirt sleeves and loosened necktie, he directs the far-flung personnel of his department.

In other parts of the Justice Department Bob Kennedy has also caused a revolution. Startled functionaries look up to see a straw-haired young man poking his nose in the door. "I'm Bob Kennedy," he says.

The revolution goes much deeper. It has been extended to other government agencies over which the attorney general has no jurisdiction.

The new attorney general has made some compromises and at least one retreat. The chief compromise was in continuing as Commissioner of Immigration, Gen. Joseph Swing, Eisenhower's West Point classmate. Few Eisenhower officials were more investigated and more criticized than Swing, but Bob Kennedy continued him at the request of influential congressmen during the height of the Rules Committee vote. The compromise probably tipped the vote in favor of Sam Rayburn and the Kennedy legislative program.

The retreat was forced by head G-man J. Edgar Hoover who flatly opposed the National Crime Commission Bob Kennedy had planned for the purpose of coordinating the anti-crime work of some 70 federal offices and 10,000 local law enforcement groups.

Kennedy has been working on a lot of other things — juvenile delinquency in big cities, the problem of how a person with limited means can have the same opportunity as a wealthy man in the costly, complex system of our courts, and the speed-up of deportations cases. In all of this he has acted without fuss or fanfare, leaving the spotlight to his elder brother in the White House.

Republicans are trying to draft Ben Regan, former head of Nationwide Food Service, and close friend of Sen. Everett Dirksen, to be Republican national committeeman from Illinois. Jim Kemper, the hardworking insurance mogul, wants to retire as committeeman . . . Congressman John McCormack of Boston is right about raising congressional salaries. Congressmen are woefully underpaid — considering the fact that they have to maintain two houses, have to entertain constituents, and commute back and forth to their districts. The cheapest money the taxpayers could spend would be to increase congressmen's salaries.

ED KOTERBA

Shriver Plagued By Name Confusion

WASHINGTON — There would be difficulties in setting up the Peace Corps, said the President's brother-in-law, Sargent Shriver.

The temporary director of the corps was in the hot seat, looking for senatorial approval of his appointment. And, without exception, all the senators of the inquiring Foreign Relations Committee agreed with him — there would be problems.

But there is another problem, a personal one, that plagues Sargent Shriver — that difficulty with his name. It's brought embarrassment —or has it been humor?— to his daily life.

The other day, for example, that incident at the home of Sen. and Mrs. Herman Talmadge . . .

☆ ☆ ☆

The Georgians had invited an Air Force brigadier general, a frequent guest, to dinner. Mrs. Talmadge had prepared the general's favorite entree — succulent roast beef.

The roast—a boneless seven-pound creation — was on display when the general showed up. As always, the high-ranking officer, delighted that Mrs. Talmadge had prepared the roast especially for him, sampled the juicy meat and smacked his lips in expectation of consuming the greater part of the roast in due time.

But an unexpected guest appeared — the President's brother-in-law. Mrs. Talmadge did the introductions: "General, this is Sargent Shriver . . ."

Since the Talmadges have known Shriver over the years, they addressed him throughout the evening as "Sargent."

So did the general, though he had never met the man before. But as the others were to learn later, what he was really saying was "Sergeant."

☆ ☆ ☆

Shriver stayed for dinner and was making tremendous inroads in the "general's roast." A general's rank is indeed a lofty one, and, after all, it should be respected. Finally, in exasperation, the general leaned over to his hostess and whispered hurtfully: "That enlisted man seems to be consuming most of the roast . . ."

But this episode was topped by another incident a year ago at the governors' conference in Glacier National Park.

Prime Minister John Diefenbaker of Canada was at the mike addressing the guests. But an incessant announcement over the P. A. system kept harassing him: "Paging Sargent Shriver! Paging Sargent Shriver!

The Canadian was openly irritated. He took a long, deep breath and with a grand gesture put his speech down and said: "Will someone please go and find that police officer?"

THE TALES CHRIST TOLD

The Talents

By APRIL OURSLER ARMSTRONG

He certainly did not seem to be what you might call a practical man.

He had, it is true, managed a small carpentry shop well enough to provide for His mother and put away funds to keep her after He left home. But now, in the days of His preaching, He seemed to take no thought at all for the next day, let alone the next year. He was frugal about small things, insisting that not a scrap of bread or fish be wasted. But He seemed almost irresponsible about big things.

Most of the Twelve by now were just about convinced that Jesus believed not only that poverty was an honor but that it was wrong to make any effort to produce anything. Some of them, remembering that once He had told them to meditate on the lilies of the field, had begun to feel that to please God you had only to drift through life like a flower petal.

They did not understand.

And, as so often, it seemed that He read their thoughts that afternoon as they rested in the olive grove on the mount outside Jerusalem. He answered them with a parable, the unforgettable story of the talents.

"A man was going away to a distant country," He said. "And he called his servants and gave them some of his wealth.

"To one he gave five talents. And to another, two. And to another, one—to each according to his ability. And then immediately he left."

Peter wrinkled his forehead in calculation. A talent was a small fortune, equal to about a thousand Greek drachmas. In American money it would be about fifteen hundred dollars for the lowest servant, three thousand for the second, and seventy-five hundred for the most skilled. That was a great deal to trust to stewards, no matter how faithful they were! Peter sucked his lower lip and wondered what a man would do with that much money in his care.

"He that was given the five talents," said Jesus thoughtfully, "went his way and traded with them, and made a profit of five talents more.

"And the man who was given two also invested them and earned another two.

"But he that was given one talent went and dug a hole in the ground and hid his lord's money."

He paused, looking slowly from one to another of the Twelve. He saw Matthew, who obviously admired the wise investors who doubled the money. And He saw those who seemed to think that perhaps the safest thing to do with someone else's money was to bury it.

Then Jesus continued: "But after a long time the lord of those servants came and reckoned accounts with them.

"And the one who received the five talents came to him, bringing the other five talents, and said: 'Lord, you gave me five talents, and see—I have gained another five over and above that.'

"His lord said to him: 'Well done, good and faithful servant! Because you have been faithful over a few things, I will place you over many things. You shall enter into your lord's joy.' "

Matthew nodded. He had not been sure so apparently unworldly a person as Jesus would see things that way, and it pleased him to hear it.

"And the man who received the two talents came," said Jesus, "and said: 'Lord, you gave me two talents, and see—I have gained another two.'

"His lord said to him: 'Well done, good and faithful servant! Because you have been faithful over a few things, I will place you over many things. You shall enter into your lord's joy.' "

Jesus drew a deep breath and then went on:

"But he who received the one talent came and said: 'Lord, I know that you are a hard man.' " Jesus' voice, so nimble in its mimicry, was pitched now in a half whine, treading close to sarcasm and insult as He spoke for the third servant. " 'You—uh—reap where you have not sown, and you garner where you have not winnowed. And—uh—being afraid, I went and hid your talent in the ground. See—I give back to you what is yours!' "

The Twelve grinned. The Master's caricature was so apt, they could see and hear that sly servant flirting with danger as he spoke to the lord of the estate.

"And," continued Jesus, "his lord, answering, said to him:

" 'Wicked, slothful servant! So you knew that I reap where I do not sow and gath-

Brevity in letters is requested, but length in itself will have no bearing on publication. Writers are advised that needless detail and repetitious matter will be edited out of letters. Too frequent contributions from one person on the same subject may be rejected. All letters must be accompanied by writer's true name but may be submitted for publication under a pen name or initials. However, letters will be printed under a pen name or initials only at the editor's discretion.

The Content

Lincoln, Neb.

One of the oft-voiced criticisms of adding the proposed .6 to 1.1 parts per million of sodium fluoride to water seems to be that it would defile our "pure water." Any of us who have tasted pure water—or shall we say, distilled water, because pure water does not exist—know that it tastes flat.

The chemicals that the Lincoln water contains already total 336 parts per million, according to Mr. T. A. Filipi, of the Department of Sanitation of the Nebraska State Department of Health. Here is a partial listing of these and their respective concentrations:

Iron	.01	ppm
Manganese	.01	ppm
Chlorides	14.2	ppm
Sulphates	70.0	ppm
Arsenic	.016	ppm
S'um Fluoride	.4	ppm
Potassium	9.0	ppm
Sodium	30.0	ppm
Calcium	46.0	ppm

We do not taste these things in the water, but we would miss them if they were gone. They do us no harm or good, even though some of them are deadly poison.

JAMES RIEGER

The Need

Lincoln, Neb.

"One Who Knows" would have done well if she had read a few things about fluoridation and its results. I'm sure that any dentist who read her letter shook his head at her ignorance.

I have three children, ages, five, four and one. Needless to say, I'm all for fluoridation after reading of all the wonderful results. My four-year-old boy has just finished a series of eight visits to his dentist. I certainly wish I could have spared him this. The cost was $115. The money spent was well spent, but it could have been saved for his education if he had had fluoridation. I know I haven't been careless with his diet because his five-year-old brother has no cavities and he has the same diet and same care of his teeth.

It would be wonderful if all children had good teeth, but just as some don't have good eyes, some don't have good teeth. We need fluoridation.

Let's take a positive attitude toward fluoridation and get it.

MRS. G. DEAN

☆ ☆ ☆

New Stop Sign

Lincoln, Neb.

My sincere thanks to the Police Department for the "School Stop Sign" at Elliott School, 25th and M Streets.

I wrote a letter on March 16 stating that I felt there should be a sign at this intersection for southbound traffic. I have been told that in less than six hours after the department received the letter, the situation had been surveyed, a new sign requested, made up and delivered to the school, and first thing on Monday morning the custodian at Elliott School had the new sign in place.

It certainly made me feel good personally to know that we have a Police Department taking such a personal interest and immediate action concerning such matters.

Again, my sincere thanks to the entire department. It might be my son's life that may be saved by the quick action in this matter, hence my deep appreciation.

REV. S. K. BIFFLE, JR.

☆ ☆ ☆

Freedom Of Choice

Lincoln, Neb.

Having once been a student debater, I know that "facts" can be presented in favor or against any issue, depending on the authorities quoted.

I violently oppose and resent fluoridation on one basis only. It is an infringement on my own personal freedom of choice as to the type of medication I use. I do not want any medical treatment, curative or preventative, forced on me or my neighbor. One infringement on our right to freedom of choice would be the opening wedge for others, all supposedly doing good or for our benefit. Soon we would have no choice.

J. S. C.

☆ ☆ ☆

Against It

Lincoln, Neb.

Concerning fluoridation, I am against it! From literature made available to me upon my request, there is substantial proof that fluoridation has not been found harmless in all instances. Fluoride in its natural state is calcum fluoride; the fluoride being suggested for our water system is sodium fluoride.

The substances being added to our water supply currently are used to kill harmful bacteria and are an action on the water itself. The sodium fluoride being considered has no effect upon the water, but reaches the consumer to act upon him.

Up to the present time, no one has ever proved scientifically that sodium fluoride is safe for everyone to take, even at 1 ppm.

MRS. ELMER R. MASER

Stamps For Vets

Kearney, Neb.

I would like to thank everyone who has sent me stamps for the wounded veterans project of the Junior Women's Clubs in Nebraska. I have received thousands of stamps from all over the state of Nebraska and a large number from Iowa. I have also received some very nice letters along with the stamps from people who have sons in such hospitals, and they have very kind words for our project.

I hope everyone will keep up the good work, and keep the stamps coming to me.

MRS. JOHN MORRISSEY

State Chairman Stamps for Wounded Veterans, 602 East 36th Street, Kearney, Nebr.

Changed Law For Changed Time

Protecting both the public and private interest by the long established provisions of the patent office and antitrust laws is becoming an empty activity. It isn't for lack of enforcement or sincerity. It is rather because this new age has changed the game.

Patent office provisions were made for the old time when inventors came out of their garrets with a better mousetrap and could preserve their right to reward by getting a patent on it. But inventors have given way to scientific research and the more important discoveries of today are of such sophistication that only specialized knowledge and heavy investments can do the job. Moreover, the government, which is not private at all, is expending billions annually in defense research, throwing off innumerable items of economic importance. And it is no longer the secret that is so sacred. It is rather the capacity to produce its results. In this respect major industry is in the king row. An illustration is in the American Telephone and Telegraph Corporation's invention of hoisting a galaxy of earth satellites to very great advantage to its business of communications. It isn't that A T and T has a special pipeline to the product of public development. But it is that it is about the only great communications combine that can make use of it, which makes it a backdoor way to a monopoly.

The Department of Justice is finding a few dismaying problems in the field of price fixing which actually has become quite extensive. It isn't that the government can't seek out and punish all offenders. But it is that the way we now live and do business makes price administration more or less necessary.

This all leads to the fact that old restraints no longer produce what is desired and to restore the protecton of the public interest the Congress must find new ways of achieving the old ends.

An Interesting Question

Understood little, if any, by the average public but a matter of considerable concern and interest to all is the status of life insurance agents in the state of Nebraska. The question has been considered by the Legislature's Banking, Commerce and Insurance Committee and a sort of compromise position was reached by the lawmakers.

Killed by the committee was a bill which would have required written examinations prior to the issuance of an agents license. The examination would have been conducted under the jurisdiction of a newly created board composed predominantly of life insurance company executives.

Adopted by the committee was a bill which will strengthen requirements for an agent and place responsibility for agents more directly on the shoulders of his company but not call for any written examination. The questions involved here could be debated for weeks without an unquestionable decision being reached in the matter.

Life insurance agents have a tremendous part to play in the lives of most people and theirs is an area of personal responsibility that should not be treated lightly. They are in the position of being able, deliberately or otherwise, to very seriously hurt the lives of many people. It is, therefore, incumbent upon the state to see to it that the public is protected as far as possible in this vital area of life.

Yet, insurance is a competitive business and laws which have a tendency to destroy competition can often be dangerous. When competition is destroyed, the final state of public affairs may end up worse than the state for which a cure was sought. This is undoubtedly a part of the fear which motivated the Legislative committee and why this question will continue to be an intriguing one.

The Late Crisis

In a neat little quiet story this week the Commerce Department announced that for some weeks now the outflow of gold from U.S. reserves had ceased.

The gold market in London has returned to normal prices. Moreover, the nation's balance of payments has shown a very substantial improvement.

For the time being at least that is the prosy end of a gold crisis that lasted two years and produced several million words of conflicting views both by the politicans and the economists.

Some may give the Kennedy administration credit for financial genius, for certainly the gold problem didn't last very long after the inauguration. But others will wonder what sort of a crisis was it which resolved so quickly and with so little dramatic effort.

One could speculate that there were two reasons. One was that the previous administration neglected to take the steps that would have readjusted U.S.-European relations in keeping with industrial and economic recovery of that once war torn area. The other was too much faith in a high interest rate and tight money as the cure of all evils. Kicking up the interest rate might have temporarily out bid Europe in its quest for better capital returns. But if Europe temporarily offered a higher interest return and we entered into a bidding contest it would only have been a piece of pulling and hauling in behalf of a third party, those who, in trading, would have got the benefits. As it turned out Europe reduced its rates and agreed to bear a better share of the world economic load in some proportion to its recovery, which it should have done anyway.

Off THE RECORD — By Ed. Reed

"Mr. Winterbottom's secretary retired when he did—she often drops in for a chat about old times."

The Tales Christ Told: 'The Talents'

Continued from Page 4

er where I have not winnowed — still you should therefore have given my money to the bankers. Then when I came I would at least have had my own with interest!' "

Then Jesus, acting the role of the lord of the estate, seemed to turn to other servants, and in a voice of terrible doom said:

" 'Take away from him the talent and give it to the one who has ten talents! For to everyone who has shall be given, and he shall have much. But from him that has not, even that which he seems to have shall be taken away.

" 'And throw the unprofitable servant into the outer darkness. There shall be weeping and gnashing of teeth!' "

Peter, quite frankly, scratched his greying curls in puzzlement. It seemed a tremendous punishment for a small thing. And he was not even certain why it should be so wrong.

Even Matthew was startled. And Simon, the one they called Zealot, had thought perhaps Jesus would praise the man with one talent for refusing to dabble in investments.

But Jesus simply watched the Twelve and smiled. And slowly, in the silence of the garden, they came to the truth of that amazing story.

The lord, obviously was God. And the talents were His gifts of grace and of natural ability given to all His servants—to some more, to some less. And they were given to be used, not to be left idle.

Every man is a servant, a steward of God, holding in trust the gold and silver of heaven. Everything is His—and we are to use what He gives us to spread His kingdom and advance His interests. To some He has given strength or beauty, to others artistic ability, to some business acumen. Some sow, some labor, some dream, some build. The gifts of the soul are even more varied, far richer. And there is no one who has not received the wealth of God.

To bury God's gifts is a sin without excuse. Just as a rich man expects his money to work for him, so God demands that His gifts increase in the hands of His servants, to be returned to Him with interest.

Peter, lost in thought, nodded. Who could call the Lord exacting or despotic for wanting His own profits? What did He do with them? He shared them with His servants.

And, though Simon the Zealot, from the one who has nothing even what he seems to have is taken away. In life it works that way. A talent not used fades and atrophies to uselessness. A man's muscles weaken, a woman's voice grows rusty, a soul's ability to pray and love dulls and withers. What you do not use you are not entitled to have. What you use for the glory of God will increase.

But, thought Matthew, it's a bit like taxes. The more you have, the more you are responsible for. The lord would not have been so pleased with the steward of five talents if he had made the same profit as the one with two! The greater your gifts from God, the greater the account demanded. There was no room for halfhearted service in the kingdom of heaven.

The Master lay resting under the trees, for all the world like a vagabond. Yet, Watching, they knew that here was the hardest-working man of all time, the One who used each talent to the utmost for the glory of God. Every moment of every day He offered, sanctifying it with love and service. Even in rest He gave glory!

Was ever a man less like a lily of the field? This Jesus' heels were callused from walking, forcing Himself from town to town to reach and to heal, to comfort and to encourage. Risk? Look down from this garden to the Temple of Jerusalem and see how He has gambled His talents against the power of the men who would murder Him. This was no idle wanderer. This was the most eminently practical Man who lived, the One who knew the precise value of every moment in the plans of God. He was concerned with riches that could not be seen.

DISTRICT CLERK BILL ADVANCED

The question of the need for employing district court clerks in counties of 7,000 to 10,000 population provoked a debate in the Legislature Wednesday.

Advanced from general file following the discussion was LB445, which provides that counties in the 7,000 to 10,000 bracket shall be required to have the separate clerks unless a petitioned vote of the people orders abolishment of the position.

Present law prescribes that counties of 8,000 to 10,000 shall not have district court clerks unless a petitioned vote of the people orders otherwise.

Counties which do not employ district court clerks combine the duties with those of the county clerk.

LB445 was introduced by Sens. Hal Bridenbaugh of Dakota City, Peter H. Claussen of Leigh and George Gerdes of Alliance.

Sen. Marvin Lautenschlager of Grand Island, who 4 years ago sponsored the bill putting present provisions into law, attacked LB445 as "special interest legislation," sought by district court clerks who want to hold their jobs.

Voting against advancement were Sens. Kenneth Bowen of Red Cloud, Hans Jensen of Aurora, Lautenschlager, Fern Orme of Lincoln, Jack Romans of Ord and Ruhnke.

Two other bills also were advanced from general file during a forenoon session which saw one new bill introduced and 11 measures passed on final reading.

LB459, advanced from general file, provides that physician and laboratory costs of body fluid tests of suspected drunk drivers shall be assessed against the accused person if he is convicted.

LB258, also advanced, provides that only in Douglas County need the county attorney prepare and file a quarterly report of business handled.

'Stop For Pedestrian' Signs Urged

The Lincoln Traffic Commission recommended Wednesday permanent-type "Stop For Pedestrian" signs for Holmes Elementary School crossings at 52nd and South and 52nd and A.

Vehicular and pedestrian traffic counts at the intersections do not justify installation of electric school stops as requested by the Holmes PTA, according to traffic officials.

Movable-type school-stop signs presented a problem because of the distance from the Holmes School at 52nd and Sumner, the commission was told.

The commission suggested that larger "Stop For Pedestrian" signs be installed permanently (around the clock) at the intersections on a trial basis.

The commission recommended traffic signal installation for 3 intersections, but deferred action on two others.

Recommended for signalization were Cotner and Vine, Cotner and 48th and 48th and Calvert.

A recommendation on Cotner and A was deferred pending experience with the Cotner and 48th installation and future traffic developments on A.

The commission recomended that signalization of Winthrop and South be deferred pending more information on the opening of South 33rd through Antelope Park and of Van Horn across the Rock Island tracks.

Traffic Relief

Police traffic officials said these proposed improvements would relieve South street traffic.

A petition with 851 signatures from the Sheridan PTA requested traffic signals with pedestrian actuated signals for school children at Winthrop and South.

The T-type intersection now has an electric school stop sign.

No action was taken on a Police Traffice Department recommendation for moving traffic at 9th and O.

Only Solution

Recommended was the closing of the south service street at the Harris Overpass (West O viaduct) and construction of an overhead right-turn lane from the viaduct.

Assistant Police Chief Willis Manchester said the only solution to the 9th and O traffic congestion during rush hours was a 3rd east bound lane as a right-turn slot onto 9th.

In other action, the commission directed Chairman Harry Spencer to appoint a subcommittee to draft a resolution regarding the proposed charter amendment that would prohibit construction of "median or separation devices" on arterial streets without voter approval.

Rotary Elects L. H. Fairchild

L. H. Fairchild has been elected president of Lincoln Rotary Club 14. He succeeds Ken Lawson in the position.

Fairchild

Fairchild was elected by the club's incoming board of directors, to which new members were elected a week before. His one-year term of office begins in July.

Juvenile Judge Continues Case Of Teenage Girl

The case of a 17-year-old girl who has been a behavior problem was continued Wednesday by Juvenile Court Judge W. W. Nuernberger.

The case of two boys, 14 and 2, and their sister, 3, also was continued. Their home situation will be investigated.

A 6-day-old illegitmate girl was found dependent and her custody given to the Board of Control. The permanent custody of two girls, 8 and 10, who had been found dependent in 1958 was given to the Juvenile Court.

A boy, 14, who had been involved in a joy riding incident and placed on probation 7 months ago was released from probation.

No State Holiday

Good Friday, March 31, will not be observed as a holiday for state employes, Gov. Frank Morrison announced Wednesday, but employes wishing to attend church will be given time.

Why is one of these whiskies insured for One Million Dollars?

SOLID-GOLD BARS courtesy of Handy & Harman, a U.S. Treasury Department licensee

Answer: To insure that every bottle of Calvert Reserve is the most rewarding whiskey you ever tasted. Read why:

Both the whiskies pictured above have exactly the same exceptional flavor, aroma and smoothness.

Why then is one—the whiskey on the right—insured for one million dollars? Because it is drawn from Calvert Reserve's "Standard of Excellence"—the whiskey that sets the standards for today's superb Calvert Reserve.

This insures that the bottle on the left—and every bottle of Calvert Reserve you buy—is the most rewarding whiskey you ever tasted. It insures uniform excellence in every sip—always the same superb flavor, aroma and smoothness.

Yes, thanks to Calvert's "Standard of Excellence," insured for one million dollars, the magnificent taste and character of Calvert Reserve *never* vary—always Good as Gold. Shouldn't you enjoy and serve Calvert Reserve tonight?

You deserve Calvert Reserve

Fluoridation Will Come To Lincoln 'Eventually,' Dr. Kramer Predicts

A University of Nebraska College of Dentistry staff member predicted Wednesday that fluoridation will come to Lincoln eventually, whether it be as a result of the April 4 election or later.

Dr. Kramer

Dr. William S. Kramer, professor and chairman of the pedodontics department at the dental college, told members of the Junior Chamber of Commerce that some 43 million persons throughout the United States are drinking fluoridated water.

"I feel that the outcome of this election will indicate the progressiveness and intelligence of the people of the city of Lincoln," he said.

'Thorough' Research

He explained that "thorough" research and experiments have shown that fluoridation has had "no ill effects . . . The health of these people was not affected."

He added that the amount of fluoride in these tests was about 10 to 15 times the amount proposed for Lincoln which is between .5 and one part per million parts of water.

Dr. Kramer explained that the fluoride attaches itself to the construction of the enamel of the teeth, and can thereby reduce decay by as much as two-thirds.

He said it is much more effective in babies and children, because the enamel is more receptive to the fluoride.

"There are several reasons why we don't advocate fluoride in milk," the dentist said

Greater Cost

He said, first of all, the cost would be greater, because the price of milk would have to be increased a cent or more. The maximum cost of fluoridating the water is 7.2c per person per year, he explained.

"Most babies do not have regular cow's milk during the first year of life, when fluoride might play a vital part in the decrease of decay in teeth," Dr. Kramer said.

From this standpoint, he said milk couldn't do the job water can.

Another major reason is that it would take greater amounts of fluoride in milk because of the calcium content of milk.

Dr. Kramer also pointed out that control of the amount might be difficult with milk

Irregulars Coming

Taipei (UPI) — Nationalist China announced that the first group of Kuomintang irregulars from the Thailand-Burma-Laos border area will arrive on Formosa soon.

Blizzard Delays Rescue Attempt

Berchtesgaden, Germany (AP) — Blizzards Wednesday night held up a planned U.S. Army helicopter flight to rescue 3 climbers trapped since Saturday on the north face of storm-swept Mt. Watzmann.

The blinding snow storms halted earlier efforts to lower a man on a steel rope from the peak of the 8,904-foot mountain to the marooned climbers some 1,300 feet below.

When weather permits rescuers plan to fly a U.S. Army helicopter above the bivouac area, lower a man into the camp, then haul the party back into the aircraft and fly down to the valley.

The climbers, two Austrians and one German, had supplies for 5 days.

EX-ADMIRALS GIVEN DUNKING

Beirut, Lebanon (AP)—The U.S. Sixth Fleet accidentally dunked two visiting retired admirals in the Mediterranean, the commander of the fleet disclosed Wednesday.

Vice Adm. George W. Anderson Jr. said the two were being transferred from the aircraft carrier Forrestal to the guided missile cruiser Springfield when a line gave way and down they went.

"Eighteen years in the Navy and I never saw anyone go in like that before," said an officer.

The victims were Adm. Jesse Oldendorf, a noted World II commander, and Vice Adm. C. T. Durgin, both visiting with the fleet. Neither man was hurt.

ASC Committeemen To Hear Freeman Explain Feed Plan

Omaha—Secretary of Agriculture Orville Freeman will outline the administration's feed-grain program here Thursday to newly appointed Agricultural Stabilization and Conservation committeemen from 12 midwestern states.

Freeman's scheduled address will follow closely on the signing of the bill Wednesday by the President and will be the first major meeting for ASC officials who will administer the feed-grain program.

Initial work to implement the program began 3 weeks ago with farmers asked to submit their cropland acreage for the 1959-60 crop years.

It is expected that this information will be used in establishing quotas for farmers electing to participate in the program for the coming crop season, according to administration spokesmen.

The official announcement of appointees to a 3-man committee of the Nebraska ASC Committee will not be made at the Omaha meeting, according to Emery E. Jacobs, deputy administrator for ASC Production Adjustment.

"This announcement is scheduled to be released shortly from Washington," Jacobs said Wednesday from Omaha where he was making arrangements for Freeman's address.

Chances Of Income Tax Slice Slight

Washington (AP) — Walter W. Heller, President Kennedy's chief economic consultant, indicated Wednesday there is little prospect that the administration will propose an income tax cut at this time.

Heller expressed that view after saying economic signposts point to "some improvement" in the months ahead.

But Heller, chairman of the President's Council of Economic Advisers, told the Women's National Press Club the key business indicators have risen only moderately. They suggest an upturn, he said, "but a relatively slow return to full employment."

Kennedy has said ever since taking office that his administration would survey the economy in April, then decide whether temporary tax relief or other stimulants are needed.

Asked about the present picture, Heller said "the odds are not very strongly in favor of a tax cut."

Economic gauges point in both directions, Heller said, but "at the moment, the signs of optimism are predominating." He added:

"It is entirely possible that when we read the economic record 5 or 6 months from now, we will find that the recession already is bottoming out."

There is less optimism, he emphasized, over the longer-range outlook. He indicated the administration will concentrate on the gap between "what the economy is producing and what it could be producing."

At full employment, Heller said, the country would produce goods and services at a rate $50 billion higher than the $500 billion-a-year at which it is now performing.

Kruger Enters Innocent Plea In Hit-Run Case

Norfolk (UPI) — Larry Kruger, 19, Hadar, Neb., pleaded innocent to charges of being an accessory after the fact in connection with a fatal hit-and-run accident here last November.

Kruger was arraigned before Justice of the Peace Werner Muller.

The charge against Kruger was filed in connection with the Nov. 10 death of Debbie Ziegenbein, 6, on the southern outskirts of Norfolk.

Johnny Rossmeier, 19, Pierce, was charged with leaving the scene of a fatal accident in the same case. He is awaiting preliminary hearing. Kruger's preliminary hearing will be held March 28.

7 Retired Persons To Study Ways Of Community Aid

A committee of 7 retired persons was appointed at a meeting of 40 senior citizens to study ways they might be able to serve the community.

Ellis Verink, retired insurance executive, was named chairman.

He said the committee will meet in the near future to study ways the local chapted of the American Assn. of Retired Persons can provide meaningful services for its members.

"There is "much that needs to be done," Verink said.

Abbas Sets Talk

Tunis (UPI) — Algerian Moslem Rebel leader Ferhat Abbas will address the Algerian people over the Tunisian radio network it was announced.

Bill Giving Control Over Sprayers Hit

The Nebraska Aviation Trades Association and the State Aeronautics Department joined hands Wednesday to oppose a bill placing new controls on commercial aerial crop sprayers in the state.

Testimony on the measure, LB587, introduced by Sen. Cecil Craft of North Platte, was taken by the Legislature's agriculture committee.

The committee adjourned without taking action on LB587 or another bill related to economic poisons, LB585.

Sen. Craft's LB587 would require anyone engaged in the business of applying insecticides, nematicides, herbicides, fungicides, defoliants desiccants and rodenticides to obtain a permit from the State Agriculture Department.

The department would establish rules and regulations and make necessary inspections.

Witnesses representing the Nebraska Honey Producers Association, the Nebraska Farm Bureau Federation, Izaak Walton League, Individual Farmers, the University of Nebraska College of Agriculture, the State Agriculture Department and the Game Commission stepped before the committee to describe generally how the use of agricultural chemicals has expanded and how dangers are inherent in their use or misuse.

Many speakers told of instances where sprayed chemicals have injured or damaged humans, birds and animals.

Principal opposition came from Jack Obbink, state aeronautics director appearing also for the Aviation Trades Group.

The bill merely calls for the State Agriculture Department to do what already is being done by the aeronautics department and federal agencies, Obbink said.

DR. NEMESCHY

Luther Losing Dr. Nemeschy

Wahoo (AP) — Luther Junior College President Dr. Robert B. Nemeschy has resigned, effective at the end of next August.

He said he had not been able to develop the school the way he wanted because of uncertainty as to the institution's future.

Dr. Nemeschy added that the effect upon the school of the merger proposal being discussed by Lutheran groups is unknown and that he did not want to serve when full development of planning is impossible.

Service Chaplain Called To Serve Lutheran Church

The congregation of Our Savior's Lutheran Church has called Chaplain Robert Gene Nelson to assume pastorate duties sometime this summer.

The Rev. Mr. Nelson, presently chaplain at Truax Air Force Base, Madison, Wis., will arrive in Lincoln immediately after his discharge from the Air Force.

A graduate of Trinity Seminar at Blair, he attended Dana College and has served as a chaplain for 6 years.

He is married and has 3 children.

The Rev. Mr. Nelson will succeed the Rev. James W. Olsen, whose resignation was effective Feb. 1, who is serving the congregation on Sundays until after Easter.

WALDO: STATE CAN SOLVE SCHOOL ILLS WITHOUT FEDERAL AID

Sen. Willard Waldo of DeWitt said Wednesday he feels sure Nebraska can work out its problems in education without relying on the federal government to pay part of the bill.

Speaking on a point of personal privilege in the Legislature, Waldo noted that "a well-known citizen" recently suggested that federal aid to education could provide the answer to the state's tax problems.

The DeWitt senator's reference was to Governor Morrison who last week expressed the belief that Congress will enact federal aid to education legislation and that this will allow a reduction or a halt in the rise of Nebraska property taxes.

The governor said property taxes have reached the saturation point and that education accounts for the largest bite on property tax collections.

Waldo, a co-introducer of the sales-income tax measure which is in the hands of the revenue committee, said he was not saying he would not accept federal aid to education. He said he is in the category of those who say they don't want the aid but also say they would not refuse it if it were offered.

The state needs the type of leadership, Waldo said, which will not turn to Washington every time a state problem arises.

There is good leadership in the Legislature, he added, and following that leadership would result in solutions to state problems.

Another Last Stand

Tulsa, Okla. (AP)—Custer has lost another one to the Indians. Jack Custer told police an Indian gunman robbed his service station of $30.

BILL PASSED ON INMATE COMMUNICATION

A bill making it unlawful to loiter around jails or engage in unauthorized conversation with jail inmates or pass unauthorized messages to them was passed on final reading by the Nebraska Legislature.

The measure, LB318, was approved 38-0 and goes next to Gov. Frank Morrison for signature.

Introduced by Sens. Arnold Ruhnke of Plymouth, Dale Erlewine of Grant and Willard Waldo of DeWitt, the bill prescribes fines of $25 to $500 for violators.

Other bills passed Wednesday (E-emergency clause):

LB397 (Judiciary Committee)—Amending election laws to clarify that municipal courts shall substitute for justice of peace courts and police judge within the boundaries of Omaha and Lincoln as such boundaries are now or hereafter will be established. (38-0).

LB396 (Judiciary)—Extending Omaha Municipal Court jurisdiction to all of Douglas County. (39-0).

LB395 (Judiciary)—Clarifying Omaha Municipal Court's jurisdiction over areas annexed by the city. (38-1).

LB386 (Judiciary)—Requiring district court clerks to report judicial statistics to the supreme court and Nebraska District Court Judges Association. (40-0).

LB387 (Judiciary)—Authorizing supreme court to assign district judges to other districts when warranted to relieve a congested calendar, adjust judicial case loads or replace an absent judge. (40-0).

LB271 (Rasmussen, Kiar, McCosh—Extending for another 15 years the period during which one member of the Nebraska State Board of Public Accountancy shall be a public accountant. (40-0).

LB306 (Bowen)—Prescribing a 6 month stay period on foreclosure of mortgage on urban real estate where maturity date on loan is more than 10 years but less than 20 years in the future. (38-2).

LB394 (Judiciary)—Revising procedures for appeals of criminal cases to the supreme court to make them conform with procedures for civil case appeals. (41-0).

LB405 (Adamson, Fleming, Gerdes)—Requiring bidders on school land leases to file a certified check equivalent to one half year's rental. (41-0).

LB356 (Lautenschlager) — Increasing from 4 to 5 per cent the interest which industrial loan and investment companies may pay on money invested with them. (E). (29-9).

Sierra Leone Gets Loan

Freetown, Sierra Leone (AP)—This West African British protectorate, which becomes independent April 27, has obtained a $2.3 million loan from the Diamond Corp. of Sierra Leone Ltd., for a hydroelectric project.

Convicted Spies Draw Long Prison Terms In Britain

By Thomas A. Reedy

London (AP) — A Russian master spy and two Americans linked to the Rosenberg and Abel espionage cases were convicted Wednesday as agents for Moscow, along with two Britons.

The 5 spies drew unprecedented prison terms of 15-25 years. The court ruled their crime went beyond Britain's official secrets statute calling for a maximum of 7 years.

A jury of 12 men convicted the 5 of stealing British Navy secrets, including details of the atomic submarine Dreadnought, built with the help of U.S. blueprints.

The background of all 5 had been withheld from the jury so as not to jeopardize a free trial, under British procedures. Scotland Yard disclosed it after the conviction, and Chief Justice Sir Hubert Lister Parker imposed these sentences in Old Bailey Court:

Gordon Arnold Lonsdale, 37, who claimed to be a Canadian, represented himself sometimes as an American, but actually was a Russian, 25 years as the directing force of the spy ring.

Peter John Kroger, 50, and his wife, Helen, 47, posing as booksellers and owners of a small suburban home, 20 years each. They were identified in court as Morris Cohen and his wife Lorna, American citizens, associated with communists since the Spanish civil war.

Henry F. Houghton, 56, an

Lonsdale

Miss Gee

Admiralty clerk, 15 years for selling Lonsdale antisubmarine test documents.

Miss Ethel Elizabeth Gee, 46, Houghton's sweetheart, 15 years for providing documents which wound up in Lonsdale's hands.

Lord Parker called the espionage case "one of the most disgraceful in peacetime history." Consequently, he said, he was reaching back into common law for the penalty. Under the common law, which goes back almost to the Magna Carta, "there is no maximum sentence," he explained.

He called Lonsdale and the Kroger-Cohens "professional spies."

The Old Bailey crowd let out gasps of surprise at the sentences. Order had to be called by the bailiffs.

But the five defendants, who had pleaded innocent, took the sentences impassively.

3 NU Students Get Perfect Semester Grades

Three University of Nebraska scholars did what 6,800 of their fellow undergraduate classmates couldn't do last semester. They earned a 9.000 grade average — a perfect mark.

Dornhoff

In addition, 166 other students earned an 8.000 average or better, which is equivalent to 90 to 95 per cent.

The 3 perfect scholars, all enrolled in the College of Arts and Sciences, are:

Larry L. Dornhoff, 18, of Heartwell, a junior majoring in mathematics. Son of Mr. and Mrs. Melvin Dornhoff, Larry earned his perfect marks in history, physics, French, German, and mathematics. This is the second time that he has earned perfect marks, the last time in the second semester of his freshman year.

Belzer

Kotouc

Irvin S. Belzer, 21, of Omaha, a junior majoring in premedicine. Son of Mr. and Mrs. Marvin Belzer (342 No. 35th Ave.), he earned his marks in American constitutional history, history of philosophy, American literature, physics, and medieval art. He is winner of the Sigma Alpha Mu national undergraduate achievement award.

Thomas O. Kotouc, 18, of Humboldt, a freshman majoring in pre-law. Son of Mr. and Mrs. Otto Kotouc, Jr., he earned his grades in history, mathematics, English, and Chemistry. A holder of Regents scholarship, he was also a finalist in the National Merit Scholarship competition. He is a member of Phi Kappa Psi fraternity.

Those students receiving at least an 8.5 grade average for the past semester are:

8.999-8.900

Harriet A. Strickland, Lincoln; Gary L. Hergenrader, Gering.

8.899-8.800

Stephen G. Kellison, Ord; Donald J. McGurk, Lincoln; Joe C. Anderson, Stromsburg; Karyl K. Rosenberger, Hemingford; James M. Samples, Aurora; Alvin L. Nelson, Sargent.

8.799-8.700

Ann J. Wahl, Lincoln; David A. Scholz, Bellevue; Duane G. Koenig, Beatrice; Allen R. Trumble, Papillion; Jerre E. Bradt, Kimball; David R McConahay, Holdrege; William H. Webster, Hastings; Mary M. Frolik, Lincoln; William E. Holland, Overton.

8.699-8.600

Linda L. Larson, Lincoln; Jon C. Froemke, Sioux Falls, S.D.; Modris E. Richters, Lincoln; Barbara J. Ihle, Sioux Falls, S.D. Kenneth P. Bartos, Omaha; James D. Greer, Alvo; Don A. Kaufman, Greenwood; Monte C. Nowak, Grant; Olaf M. J. Stokke, Lincoln; Sharyn J. Watson, Humboldt; Nancy B. Fry, Lincoln; Delmar D. Coe, Scottsbluff; Donald M. Cambbell, Lincoln; Barbara J. Kramer, Gary, Ind.; Mats G. O. Holm, Swedon; Gary W. Radil, Comstock; Linda L. Reno, Alliance.

8.599-8.500

Sidney J. Stohs, Scribner, Roger G. Williams, Johnstown; Gary A. Anderson, Wausa; Nancy L. Carroll, Lincoln; Elvin R Lukenbach, Scottsbluff; Keith M. Phillips, Grand Island; Frederick R. Rickers, Wayne; Roseann Saalfeld, North Bend; Barbara R. Tanner, Lincoln; Dan R. Blazek, Omaha; Jane R. Foster, York; Patricia Lempka, Tecumseh.

Sorority Has Treasure Hunt

The members and guests of Lambda Chapter of Beta Sigma Phi young business women's sorority had to "sing for their supper" on Monday evening when the chapter hostesses for a progressive dinner turned the party into a treasure hunt.

With "treasure" maps and armed with money bags to hold the "greenbacks" each collected, the group followed the trail of clues from one home to another for dinner. Hostesses included Mrs. Jack Rohrbaugh, Mrs. William Bookwalter and Mrs. Robert Rowe. Other committee members were Mrs. John Derks and Miss Lois Grow.

Pictured (from the left) in the foreground are Miss Grow, Mrs. Derks and Mrs. Phyl Nelson; and in the background, Mrs. Rohrbaugh, Miss Joyce Rohrbaugh and Miss Jean Cheerger.

BRIDES

Honoree at a prenuptial courtesy recently was Miss Carroll Fernen, who will become the bride of Thomas Brockley on Sunday, March 26, at a ceremony in Valentine.

Hostesses for the miscellaneous shower were Mrs. James Baker and Miss Patricia Bowen.

Another spring bride-elect is Miss Janice McKnight, who will marry Dale Richard Eaton on Saturday, April 1, in Enid, Okla.

Entertaining in Miss McKnight's honor Thursday evening, March 23, will be Mrs. Hermace Soldani and Mrs. Beth Gillespie. They have invited 40 guests to a miscellaneous shower for the soon-to-be bride.

And announcing her bridal entourage this morning is Miss Janice Blevins, who will become the bride of Ronald Jackson on Saturday, March 25. The 1 o'clock afternoon ceremony will be solemnized at St. Luke's Methodist Church in David City.

For her honor attendant, Miss Blevins has chosen Mrs. Gary Widle. Mrs. Robert Jatczak will be the bridesmatron, and the bridesmaid will be Miss Margaret Struebing.

Serving as best man will be Gregg DeWitt, and Dennis Barton and Roy Smith will seat the guests.

On Wednesday evening, March 15, Miss Julie Byers entertained at a dessert supper at her home for the soon-to-be bride, who was presented with a hostess gift.

And a bride of early June will be Miss Karen Van-Greuningen, who will marry Harold Dismeyer on Saturday, June 3. Their wedding will take place at a 6:30 o'clock ceremony at the Firth Reformed Church.

Announcing her spring wedding date is Miss Judy Snider, who is a graduate student at the University of Missouri. Miss Snider and her fiance, Jerry Morris of Alliance, the son of Mr. and Mrs. Rollo G. Morris of Lincoln, have chosen Saturday, April 1, for their wedding. The 3:30 afternoon ceremony will be solemnized at the First Baptist Church in Sikeston, Mo.

Clubs, PTA's Elect Officers

The members of HOLMES PTA elected Mrs. Ernest A. Dietze president of the unit at the Tuesday evening meeting. Other officers named were Mrs. Norman Lawson, first vice president; Mrs. Harry Hegstrom, second vice president; Robert J. Glenn, third vice president; Mrs. J. E. Chester, Jr., secretary; Norman Pegeler, treasurer; Mrs. Dan H. Brobst and Mrs. Loyd Fischer, council representatives.

Parents and teachers for the 4th and 5th grades were honored at the meeting, and the program included two films, "Strangers", and "Operation Abolition". Hostesses for the social hour were mothers of 3rd graders.

Faculty and pupils presented a program on the school curriculum Tuesday evening at the meeting of BELMONT PTA. During the meeting, the group nominated officers to be elected next month.

CALVERT PTA members honored Miss Gladys Williss, Mrs. R. W. Beggs and Mrs. W. W. Eden on Tuesday evening with PTA Life Memberships.

A program of music was presented by piano students, the 6th grade instumental group and the school chorus, after which a social hour was held with mothers of 2nd and 3rd graders as hostesses.

New Neighbors In Suburbia

PARK VALLEY HEIGHTS

Heard that Mr. and Mrs. Ray Westrick and their three children, Terry, Cathy Jo, and Tim, were out of the city Sunday. The Westrick family motored to Brayton, Iowa, for the day to visit with former Lincoln residents, Mr. and Mrs. Lyle Bryan.

MEADOW LANE

Understand that some new residents in Lincoln and the suburb are Capt. and Mrs. Allan Zar and their two daughters, five year-old Lori and Karla, who is two years old. Formerly living in Panama City, Fla., the Zar family now resides at 7640 Starr.

And we might add that Capt. Zar is an associate professor of air science with the Air Force at the University of Nebraska.

Additional newcomers to Meadow Lane are Mr. and Mrs. Marvin D. Persinger, who formerly lived at 2624 Sumner. They are occupying the house at 7235 York Lane until summer. The former residents of this address on York Lane, Mr. and Mrs. Ernest Denison and their children, Darnell, Rozanne, Mark, Kevin, and Brent, are now living in Arlington, Va., and will be moving back to Lincoln in June.

EASTBOROUGH

The welcome mat is out this morning for Mr. and Mrs. Donald L. Jensen and their six year-old son, Ricky. Formerly living at 3804 No. 52nd, the Jensen family moved into the home at 253 W. Rio Road last week.

And expecting to move in the very near future are Mr. and Mrs. Kenneth Smay and their four sons, Stephen, Kevan, Michael, and Bryan. They will be moving from their home at 267 W. Rio Road to a new home at 6931 Orchard.

One final change to note this ayem in the Eastborough address and that is for Mr. and Mrs. Melvin E. Wynia. They moved recently from 325 W. Rio Road to the home at 357 W. Rio Road.

And a new member of the diaper set in suburbia is David John Degenhardt, son of Mr. and Mrs. Raymond Degenhardt, who was born on Saturday, March 18, at St. Elizabeth Hospital. The other members of the younger generation of the family include four year-old Dan, Joan, who is three years old, and Alice, who is 21 months old.

Mrs. Degenhardt is the former Virginia Richard, daughter of Mr. and Mrs. Carl Richard of Miltonvale, Kan. The paternal grandmother is Mrs. Theresa Degenhardt of Crete.

And while their mother and new brother are in the hospital the other children in the family have been staying at the home of their grandparents, Mr. and Mrs. Richard. The three youngsters, Mr. and Mrs. Richard, and another daughter of Mr. and Mrs. Richard's Miss Barbara Richard will return to Lincoln for Easter Sunday, when young David will be christened.

Spring Bride-Elect

MISS MARY HELEN EASTMAN

Of interest to town circles is the announcement of the engagement and approaching marriage of Miss Mary Helen Eastman of Los Angeles, Calif., daughter of Mr. and Mrs. Arthur C. Eastman, to Lawrence R. Kerwin, Jr., of Manhattan Beach, Calif., son of Mr. and Mrs. Lawrence Kirwin of Tekamah.

The wedding is planned for Saturday, April 8, and the ceremony will be solemnized at the Church of the Visitation in Westchester, Calif.

Miss Eastman attended the University of Nebraska. Her fiance is a graduate of Notre Dame University in South Bend, Ind.

DG Assists Braille Club

The alumnae of Delta Gamma sorority presented a check for $200 to the Lincoln Braille Club on Tuesday evening, when Mrs. Helen Teal, a member of the alumnae and a director for the Braille Club, made the presentation.

The check represents the proceeds from the recent bridge benefit sponsored by the alumnae.

Aid to the blind is a national philanthropic project of Delta Gamma, and the Lincoln Alumnae have assisted the local Braille Club for a number of years.

The Braille Club also will receive another gift this spring from Delta Gamma whose active chapter members will present a cord organ to the group. Incidentally, the chapter won the cord organ last fall for selling the most Extra Point Club memberships on the University of Nebraska campus.

Betrothal Announced

Mr. and Mrs. Glenn W. Ray of Omaha this morning are announcing the betrothal of their daughter, Donna Lee to Rolland J. Homer, son of Mrs. Marie I. Homer of Council Bluffs, Ia.

The wedding will be an event of Sunday, Aug. 27, and the ceremony will take place at the Omaha Memorial Seventh-Day Adventist Church.

Miss Ray, a graduate of the Platte Valley Academy in Shelton, is now attending Union College.

Around The Town

—Maybe you noticed that our news plans for yesterday were somewhat disrupted — So, we'll continue with roll call on the away-at college set — and begin where we left off on Wednesday.

Arriving on Friday from Colorado Women's College to spend her spring holiday with her parents, Mr. and Mrs. Thomas Carroll will be Miss Shirley Carroll. And accompanying Miss Carroll to Lincoln for a Friday-to-Tuesday stay will be her roommate, Miss Joyce Putnam of Groton, S.D.

On next Tuesday morning Miss Carroll will be a coffee hostess at her home when she pays prenuptial courtesy to Miss Carole Trott whose marriage to Wayne Kubert will be a June event. Twenty guests have been invited, and the bride-elect will be presented with a miscellaneous shower.

* * *

—We learned, too, that Miss Pat Heumann, daughter of Mr. and Mrs. Herbert Heumann, will be arriving from Stephens College, Columbia, Mo., on March 30. And the day following her arrival, Saturday, April 1, Miss Heumann also is to be a hostess in courtesy to Miss Trott who will be presented with a kitchen shower. Eighteen guests have been invited to the afternoon affair.

* * *

—Miss Margie Ebel, we understand, won't be coming directly to Lincoln for her Easter holiday from the University of Wisconsin. Her parents, Mr. and Mrs. A. James Ebel will meet her in Waterloo, Ia., where they will spend the Easter week end with relatives. Miss Ebel, however, will return to Lincoln with her parents, and will spend the remainder of her vacation here.

* * *

—It's County Fair time again — at least for the members of the Faculty Dancing Club who have a party planned for Friday evening at Selleck Quadrangle. And, of course, "County Fair" is to be the theme.

The committee is composed of Mr. and Mrs. Wayne Collings, Mr. and Mrs. Herbert Thomas, Mr. and Mrs. Newell Joyner, Mr. and Mrs. Bertrand Schultz, Mr. and Mrs. John Weihing, Mr. and Mrs. Dick Asprooth and Mr. and Mrs. De R. Hughes, and Mr. and Mrs. Arthur Norris. The guest list, including the members of the International Friendship Club (a group which includes the wives of foreign graduate students) and their husbands, also will include Mr. and Mrs. Alfred Calvert, Mr. and Mrs. Don Peterson and Mr. and Mrs. H. T. Vincett.

Junior Club Elects

The March meeting of the Junior Woman's Club of Lincoln, held Wednesday afternoon at the Legion Club, was highlighted by the election of new officers.

Pictured are Mrs. Lloyd Schmadeke (seated at left), president, and Mrs. Robert Wise, vice president; and standing (from the left) Mrs. Roger Larson, corresponding secretary; Mrs. W. H. Schwartz, recording secretary; and Mrs. Robin Loerch, treasurer.

CONTRACT BRIDGE

... By B. Jay Becker

East dealer.
East-West vulnerable.

NORTH
♠ A J 9 7 3
♥ K 6
♦ 9 7 4
♣ J 3 2

WEST
♠ K Q 10 8 2
♥ 10 8 3
♦ A K
♣ A 10 4

EAST
♠ 6 5
♥ Q 7 5
♦ 10 5
♣ K Q 9 8 7 5

SOUTH
♠ 4
♥ A J 9 4 2
♦ Q J 8 6 3 2
♣ 6

The bidding:

East	South	West	North
3 ♣	Pass	3 NT	Pass
Pass	Pass		

The bidding:

Opening lead — seven of spades.

When you compare what theoretically constitutes par on a given hand with what actually happens in practice, there is sometimes a startling difference between the two.

This deal was played in a team match. At one table, East opened with three clubs. This was a rather bold bid, particularly in view of the vulnerability.

The bid worked out all right, however, because West responded three notrump and North made a normal spade lead. Had North been wearing his X-ray spectacles, he would have led the king of hearts and beaten the contract two tricks.

At the other table the bidding was more complicated. It went as follows:

East	South	West	North
Pass	1 ♥	Dble.	Redble.
3 ♣	3 ♦	3 ♠	Dble.
Pass	4 ♦	Dble.	

East didn't open the bidding but South did. He bid a heart which West doubled. North was a shade light for a redouble—you usually have 10 or more points for a redouble — but he stretched a point.

East jumped to three clubs, which was a magnification of his values, and South joined in the spirit of things by bidding three diamonds. By this time it appeared that everybody at the table had a good hand and that there might be 50 points in the deck.

West, the only one who really had the values he had advertised, now bid three spades. North doubled, of course, but after East passed, South decided to take the double out since he felt he had deceived partner by his previous bids. He bid four diamonds.

West doubled, and there the contract played. No one could criticize the double—not only did West have his values, but he also had a partner who had shown strength by making a jump bid.

However, South made the contract with ease, losing only two diamonds and a club. The net result was that North-South made a game at one table after their teammates at the other table had scored a game with the East-West cards.

Marriage

Mr. and Mrs. Don V. Erickson are announcing the marriage of their daughter, Sharon Kaye, to Charles E. Hermida, son of Mr. and Mrs. Dan Hermida, on Sunday, March 19. The couple is residing in Lincoln.

Mrs. Hermida is a member of Beta Sigma Phi, young business women's sorority.

Dear Abby—

Abigail Van Buren

DEAR ABBY: I am 37 and my new boy friend is 37. He is a very nice man and I expect he is going to propose any time as he sort of talks that way. He is not the extravagant type but he has a peculiarity I want to ask you about. He carries his money in a roll of bills with a rubber band around it. My Daddy says this is a sure sign of a stingy man. I would like some adive. CORA

DEAR CORA: If he just "carries it" and the rubber band never comes off and neither do any of the bills, your Daddy is right.

* * *

DEAR ABBY: My husband is very good natured, but he has one fault that drives me crazy. He is very untidy.

I am not a fussy person about housekeeping, but it unnerves me to clean house and then have him come home and throw his coat on the couch, hang his tie on the doorknob, drop his shirt on the floor, drape his trousers on another doorknob, and throw his socks and underwear under the bed. He walks around the house barefoot, leaves newspapers all over the floor and anything he takes out of the refrigerator (milk or butter) just stands around. He throws himself (all 210 pounds of him) on my good bedspread and "relaxes." I've tried talking nicely to him (he calls this nagging") and letting things pile up, but nothing works. Have you any suggestions?

GOING CRAZY

DEAR GOING: Accept him for what he is. A big, good-natured slob.

* * *

DEAR ABBY: I am a ninth grader taking biology. I love biology, but I can't stand the smell of the room. I know the remains of frogs, earthworms and crayfish have to be preserved, but does it have to smell like that?

NAUSEATED

DEAR NAUSEATED: All biology labs smell like that. Ask your teacher if you may spray it with scented air purifier. (aren't we lucky Darwin could stand it?)

* * *

CONFIDENTIAL TO MARCIE: Some folks, who can't add and subract, quit school and get married and have no trouble multiplying.

CHATTER —in the— CORRIDOR

BY JEAN PERRIN

An awards assembly was held last week to honor the boys who participated in basketball or gymnastics during the season.

Congratulations to our 1960-61 basketball team who gave us a chain of nine victories. We are certainly proud of our team and of the great job they did.

VICTORY! Bringing another trophy to Lincoln High was the gymnastics team which took first place at the state meet. Special recognition went to Francis Allen who received the medal for all-around gymnast. Great work, boys!

More Honors.

Congratulations to Karen Benting who recently received the Elks Leadership Award, and to Karen Heckman who was named the 1961 Betty Crocker Homemaker of Tomorrow from Nebraska. Karen Heckman's examination paper will be entered in the national competition. Good Luck, Karen.

Four seniors, Bob Bosking, Juris Ozols, David Rathjen, and Don Schewe, have been named as finalists in the National Merit Scholarship competition and have been awarded Certificates of Merit. The Merit Scholars, announced April 27, will be selected from the group of finalists.

The members of Aqualinks, LHS swim club, already are planning activities for next year. Elected to serve the club as officers for the next year are Lana Brown, president; Jean Eno, vice president; Judi Heilig and Inkie Korns, secretaries; and Mary Pierce, treasurer.

Students at Lincoln High are busily making costumes and doing some last minute practicing in preparation for Joy Night. Since the theme this year is Kaleidoscope '61, the performance promises to be a colorful one. Don't miss this fine LHS production—Be sure to attend March 23, 24, or 25 in the Lincoln High Auditorium.

Birthday Honoree

Miss Mary Thorpe, daughter of Mr. and Mrs. Norman Thorpe, was honored at a surprise birthday party Tuesday evening by 30 of her senior classmates at Lincoln High School.

The party, which was held at the Thorpe home, was planned by Mrs. Thorpe and Mary's sister, Mrs. Serge Castigliano of Fremont.

Behan Quits Tea, Starts Trouble

Toronto (AP) — Brendan Behan, the Irish playwright who's been on tea lately, got a nick on the nose and went to jail Wednesday for being disorderly over a bottle — and it was no bottle of tea.

Also he is out of a job the rest of this week and maybe even when his show opens in New York.

Other casualties:

Detective Edward Trevelyan, member of the Toronto police tug-of-war team — bop on the forehead.

John Matthews, hotel security officer — black eye.

Piano leg — broken.

Trevelyan, who arrived with some associates during the disorder at the staid Royal York Hotel, said he found Behan charging along a corridor "like a bull' and with one shoe missing.

"He thinks he's a strong man but there's not much muscle," commented the detective.

The 40-year-old Behan is only about 5 feet 6, and harmless looking, but broad.

It was only Tuesday that the man from the old sod, whose bouts with the bottle on both sides of the Atlantic are well known, was declaring that he was firmly on tea.

It was only Tuesday, too, that Toronto's Jewish mayor, Nathan Phillips, gave the Irishman a civic reception and advised him to behave himself.

Behan is doing monologues in his jazz revue "Impulse," here for a week of pre-broadway warmups.

The producer, Alexander H. Cohen, announced from the stage this afternoon while Behan was in eclipse, that his star was indisposed. Later he gave about 100 customers their money back.

Cohen, who put up $500 bail for Behan's appearance in court next Wednesday on assault and disorderly charges, also announced he was seeking a replacement for Behan for the rest of the week. He added that he was undecided whether the star would appear in New York.

Ban New Translation

London (UPI) — The new translation of the New Testament has been banned from public use in Anglican churches on the Isle of Man.

Swim Pool Bids Over City's Appropriation

Construction bids on Lincoln's two new neighborhood swimming pools totaled $165,650 and exceeded by some $15,000 the amount appropriated by the city.

Olson Construction Company submitted Wednesday the only bids: $81,890 for the southeast Lincoln pool at Eden Park and $83,760 for the northeast facility at Ballard Field.

Public Safety Director Emmett Junge said the swimming pool committee would study the bids and probably make a report Monday to the City Council.

Surprised by only one bid on the pool construction, city officials said contractors indicated they were busy with other construction work.

Junge discounted the possibility of reducing specifications for the pools, noting the size proposed is the "absolute minimum" for a neighborhood pool.

In fact, Junge said, the park committee made provisions for increasing the size of the pools if the bids had been lower than engineering estimates.

Junge said the pool committee and city officials would study the problem.

The contractor also specified 90 working days for the pool construction in his bid This would put completion dates as early August.

Shriver Confirmed

Washington (UPI) — The Senate confirmed that appointment of R. Sargent Shriver Jr. as director of the Peace Corps in a brief display of bipartisan agreement. Both GOP leader Everett M. Dirksen and Democratic leader Mike Mansfield hailed the proposed project.

Clerks To Be Bonded If Fund Handlers

Clerks and deputy clerks of county courts are required by law to be bonded if they are entrusted with funds belonging to the state or any county, the Nebraska attorney general's office said Wednesday.

The opinion was written by Mel Kammerlohr, assistant attorney general, on a question by John J. Hanley of Omaha, attorney for Douglas County.

The weather being highly acceptable for expeditions—("fair with gentle, variable winds")—we took the young squire to the zoo the other day.

Zoos have changed a good deal since I was shying pebbles at the caged tigers.

Boys have not changed, however. That is a good thing. Boys should stay as they are. Let a good thing alone. Let the zoos improve.

"DON'T TEASE THE ANIMALS," said the sign.

"DON'T FEED THE ANIMALS."

"Hey! Hey! Hey!" the boy shouted at the monkey.

He threw him a peanut.

☆ ☆ ☆

It was an excellent day for teasing animals and feeding animals. That is the problem with zoos.

They put up a nice cageful of monkeys. Just what a boy's heart desires.

Then they put up rules that you cannot tease them or feed them.

What in the world is a cageful of monkeys for then?

In spite of these dampening regulations—personally, I was for the boy feeding the animals. I want to see if he is left-handed. It is hard to tell.

He rifled a peanut clear across the elephant moat with his left arm.

☆ ☆ ☆

In spite of all the annoying rules, it was a perfect day.

There was a good deal of sun on the walks. The lions and tigers paced their rocky retreats behind the moats in most threatening ways. And the gorilla swung comically on his rubber tire swing.

☆ ☆ ☆

We had a terrible time finding Crackerjack. What in the world is happening to zoos these caramelized days?

"We have caramel corn," said the counter man. "It is the same thing."

Well, it is NOT the same thing. And nobody knows it better than we do.

"I want the kind with the s'prise inside," said my child. Even at five years, you do not saw off popcorn with a little caramel on it as Crackerjack.

Why, I remember I would not think of going to a zoo without this delicious, healthful ration.

"The More You Eat, the More You Want," it said on the box.

Truer words were never written.

☆ ☆ ☆

There are major improvements in the zoo. For one thing, the big cats are no longer caged. They are in rocky grottos, separated from you only by a deep concrete ditch.

You can look across and look them right in the eye. Heave a peanut right at the lion. (If the zoo people are not watching.)

Also, they have a little box in front of each animal. Punch the button and the box talks to you:

"This ferocious, Bengal tiger was captured in . . ."

The box goes on to say how old the tiger is. What he likes to eat. (He likes to eat small boys, five years old. Any boy knows that. Although the box skirts around this known fact in a delicate way.)

He likes small boys the way small boys like Crackerjack. The prize is when he goes through the boy's clothes. After he eats him. The tiger finds a dime and he is delighted.

We finally discovered some Crackerjack in boxes. The boxes are smaller these days. However, we found it delicious.

On the fourth grab, we uncovered a little plastic toy deer.

It made the whole day—fair with gentle, variable winds.

Plagued Day And Night with Bladder Discomfort?

Unwise eating or drinking may be a source of mild, but annoying bladder irritations — making you feel restless, tense, and uncomfortable. And if restless nights, with nagging backache, headache or muscular aches and pains due to over-exertion, strain or emotional upset, are adding to your misery—don't wait—try Doan's Pills.

Doan's Pills act 3 ways for speedy relief. 1 — They have a soothing effect on bladder irritations. 2 — A fast pain-relieving action on nagging backache, headaches, muscular aches and pains. 3 — A wonderfully mild diuretic action thru the kidneys, tending to increase the output of the 15 miles of kidney tubes. So, get the same happy relief millions have enjoyed for over 60 years. New, large, economy size saves money. Get Doan's Pills today.

City Hall Problem Is Solved

Bank Building Given To Alma

Alma—The Harlan County Bank officials here, recently moving into a new structure, have turned over the old bank building to Alma for use as a city hall, thus solving one of the city's problems.

Warren B. Fowler, board chairman and executive cashier of the bank, said giving title to the city is "an expression of our appreciation for the splendid support the community has given us over the years."

Carl Haeker, Alma mayor, stated the gift "will save the

Nebraska News

city thousands of dollars which probably would have been spent for a new city hall."

"It will be a great asset to the town," he said, "and we all are most grateful to officers and stockholders of the bank for their gift."

In recent years Alma has been considering construction of a city hall to provide a suitable headquarters for the seat of municipal government. The present city office, located in the library basement, provides neither the space nor facilities for an efficient operation, Mayor Haeker said.

Engineering Data Closed Meet Opens

Omaha (AP) — The 18-member coordinating committee for operation of Missouri River reservoirs began a two-day session Wednesday to compare engineering data on which to base the plan for operating the big reservoirs.

As the closed meeting began there was no indication that the current power versus navigation controversy would overshadow the consideration of strictly engineering data for which the meeting was called.

Future Flare Seen

That controversy is likely to flare at a later meeting of the committee, scheduled to establish the annual operating plan for the reservoirs. Committee members from upper and lower basin areas, which have diverse interests in the use of water, emphasized their purpose was to bring in engineering data at this time.

R. J. Pafford Jr., chief of the Reservoir Control Center operated by the Army Engineer representatives on the committee, said this meeting was scheduled last September. Because of inherent differences of interest, he said, each member was asked to bring in suggestions for what he considered an "Ideal" operating plan from his own standpoint, and to support it with engineering data. He said 13 of the 18 members, representing 8 federal agencies and the 10 Missouri Basin states, have prepared these suggestions, 6 of them in detail.

J. R. Reiter of Denver, representing the assistant commissioner and the chief engineer of the Bureau of Reclamation, said he had received no special directives for this meeting. "We are faced with a dry year; what are we going to do about it?" he said.

Considerable interest has been directed at the Bureau of Reclamation and other Department of Interior agencies involved in the Missouri Basin development because the new assistant secretary of interior for water and power, Kenneth Holum, has championed the cause of power generation.

Three upper basin democratic senators, Mike Mansfield and Lee Metcalf of Montana and Quentin Burdick of North Dakota, recently asked President Kennedy to prevent the army engineers from releasing water from the reservoirs for navigation use downstream. They said the department of interior now favors retention of water for power generation and irrigation.

Father Of 6 Found Crushed To Death

. . . Clothing Caught In Power Shaft

Carroll (AP)—Norman Roeber, 25-year-old father of 6 children, was found crushed to death on the Marvin Echtenkamp farm, 7 miles northeast of Wayne.

Roeber, formerly of Carroll, was chopping hay in a field when his clothing caught in the power shaft and he was crushed.

Besides his wife and children, survivors include his mother, Mrs. Emil Roeber, and a sister, Darlene Denbeck of Council Bluffs, Iowa.

TWO NATIONAL GROUPS BACK SLAUGHTER BILL

Two national organizations have been distributing pamphlets to Nebraska residents urging the passage of a bill providing for the humane slaughter of livestock, it was reported Wednesday.

The bill,, LB639, will come up for public hearing at 2 p.m. Thursday in the Capitol before the Legislature's committee on public health and miscellaneous subjects.

Residents reported receiving leaflets from the Humane Society of the United States, and the National Catholic Society for Animal Welfare, both with offices in Washington, D.C.

Representatives of humane society groups from Omaha and Lincoln were expected to testify in favor of the bill, introduced by Sens. Willard Waldo of DeWitt and Edwin McHugh of Murdock.

The bill would outlaw the use of a manually operated hammer, sledge or poleax as a method of slaughter, and prescribe in its stead a method whereby the animal is rendered insensible to pain by mechanical, electrical, chemical or other means "that is rapid and effective."

ASC Says Single Gals 'Puff' More

By Frank Carey

St. Petersburg, Fla. (AP)—Divorced, separated and widowed women are the heaviest smokers among American females, an American Cancer Society researcher reported Wednesday.

And, declared Dr. E Cuyler Hammond, there's suggestive evidence this may also be true for men.

Without offering any possible explanations, Hammond cited this as one of the findings of a new survey of smoking habits of American men and women being conducted by the ACS among more than a million Americans.

Contributes

For several years, the ACS has widely publicized its view that excessive cigaret smoking is the major contributing cause of cancer of the lung. The tobacco industry and some scientists have vigorously challenged this view, saying there is no proof.

Hammond, addressed a seminar for science writers sponsored by the ACS, reiterated his views that "it has been proved beyond doubt" that excessive cigaret smoking is not only the major contributory of lung cancer but also plays a role in a variety of other ills, including coronary artery disease and peptic ulcer.

But he also asserted that it's conceivable that certain low-nicotine, low-tar cigarets relatively recently introduced on the market — as well as those approaching them in this regard — may prove to be "safer" cigarets from the standpoint of health hazards.

Lower, Better

"The lower the better" should be the rule of nicotine content, Hammond said in a separate interview, declaring that possibly anything below one milligram of nicotine in a stream of smoke might be an acceptable level.

Concerning the smoking habits survey — covering a sample of 43,068 questionnaires from among those answered by more than a million people in 25 states — Hammond listed these among other findings:

1. A larger proportion of college graduates than those with less education have given up cigaret smoking since the lung cancer controversy. And a larger proportion smoke low-tar low-nicotine cigarets.

Professionals

2. The proportion of ex-cigaret smokers and the proportion of men smoking low-tar, low-nicotine cigarets is higher in teachers, lawyers, clergymen, doctors, dentists and veterinarians than in the general population.

3. Exposure of cigaret smoke is far less in the female than in the male population as indicated by the percent of heavy cigaret smokers, degree of inhalation, nicotine and tar content of cigarets, and age between smoking.

Hammond declared at a news conference following his talk that while cigaret consumption nationally has gone up since the ACS first started sounding its lung cancer views in 1954, his "impression" is that the rise is due to the following:

"It's not a matter of men taking smoking up more — because I think men tend to smoke a little less than they did — but younger people are taking it up more. That is, people in their 20s, especially among women."

3 BILLS EARN COMMITTEE OK

Three bills received public hearing before the Legislature's judiciary committee Wednesday and all earned committee approval and were sent to the floor for further action.

They included:

LB402, by Sen. Richard D. Marvel, providing that special assessments by cities and villages shall be a lien upon real estate inferior only to general taxes levied by the state and political subdivisions. It was advanced 7-1.

LB407, by Sen. William B. Brandt, clarifying procedures when notice of appeals in eminent domain cases are filed by both the condemnor and condemnee. It was advanced 6-1.

LB408, by Sen. Brandt, amended to permit separate appeal from the appraiser's fee set by the county judge. It was advanced 8-0.

Here is a practical little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add three. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers left to right. Then read the message the letters under the checked figures give you. Yesterday's Answer

DAILY CRYPTOQUOTE

Here's How To Work It

A X Y D L B A A X B is L O N G F E L L O W

One letter simply stands for another, in this example, A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

A Crytogram Quotation

I E H L C Y P T Z C R I E R I E H L C Y P T L Y T C — U Y D L C P Z R I.

Marilyn And Joe . . . Soaking Up Sunshine.

Marilyn, DiMag Together, Reunion Rumors Revived

. . . ACTRESS SAYS SHE, EX-HUBBY 'FRIENDS'

Redington Beach, Fla. (UPI)—Actress Marilyn Monroe relaxed under a beach umbrella with Joe DiMaggio today but brushed aside questions relating to a possible reconciliation with her former husband.

"I came down here for some rest and to visit Joe," she explained in a brief surfside session with newsmen. Asked if her visit might have a deeper meaning, Miss Monroe said she and DiMaggio are "just friends."

The blonde movie star, a striking figure in white toreador pants, pale blue halter and white jacket, said she planned to spend 3 or 4 days getting "some rest and some sun."

She appeared annoyed at a gawking crowd of around 60 persons who stood around the beach umbrella. But DiMaggio said, "they don't bother me."

DiMaggio, second husband of the thrice-divorced actress, was clad in swimming trunks and had taken a brief dip before Miss Monroe appeared on the beach.

Miss Monroe flew here Tuesday night and registered at a swank hotel where informed sources said DiMaggio also was a guest.

DiMaggio has been assisting the New York Yankees as a batting coach at their spring training site at St. Petersburg, Fla., 15 miles away.

The ex-Yankee great has been accompanying the club on various side trips to Florida cities for exhibition games, but he did not go with the team to Wednesday's game against the Milwaukee Braves at Bradenton, Fla.

Miss Monroe only recently left a New York hospital where she underwent 4 weeks of rest and psychiatric treatment for "serious emotional upset" following her divorce from her 3rd husband, playwright Arthur Miller.

CAGE FIX EVIDENCE READY FOR GRAND JURY IN APRIL

Football Probe Not Warranted

. . . CLAIMS NEW YORK D.A.

New York (AP)—District attorney Frank S. Hogan said Wednesday evidence in the current investigation into the college basketball fixing scandal would be presented to the April grand jury starting April 4.

At the same time Hogan, in reply to a question of whether he was probing professional or college football games or pro basketball games, said:

"We have no information to warrant an investigation in any of these areas."

The D.A., who prosecuted the college basketball fixes in 1951, said the grand jury which is now sitting has little more than a week to go and it was decided to present evidence before the new grand jury, starting on the Tuesday after Easter Sunday.

Hogan's office has charged two Seton Hall University players were paid $1,000 each to shave points in a game against Dayton at Madison Square Garden Feb. 9, and that a University of Connecticut player was paid $1,500 to shave points in a game against Colgate March 1 at Hamilton, N.Y.

His office has indicated that 15 to 20 colleges may be involved in the mushrooming scandal.

At a press conference in the Criminal Courts Building, Hogan declined to make public any more information. He also declined to confirm or deny published stories on the probe.

The prosecutor told reporters he had read "the outpouring of your feverish minds."

A lot of what has been published, he said, constituted speculation and "gossip."

"We have restricted ourselves to the action taken in the court," he said.

Referring to a story that said hundreds of persons were being questioned throughout the country," Hogan said "if that were so the investigations would have been known to other people."

At another point he said "I do not intend to name individuals or colleges even if I know them, even if they were involved.

"A lot of questions that have been put to us have been designed to get information which I am not prepared to give out," he said.

UNC Probe

In Chapel Hill, N.C., Chancellor William B. Aycock of the University of North Carolina admitted that New York investigators had visited the university seeking information.

Aycock said the university cooperated fully but he gave no hint of which UNC players, if any, were questioned.

At Philadelphia, Brother Daniel Bernian, president of LaSalle College, declared "nobody has the right to implicate any teams in the NIT, NCAA or any other teams unless it comes from the district attorney's office in New York or Philadelphia. Certainly my office will not make any statement concerning any of the details."

The Philadelphia district attorney said he knew nothing about any questioning of LaSalle players.

Arrests

So far two gamblers have been arrested on bribery charges and two Seton Hall players accused of being paid $1,000 each to shave points in the Dayton game.

CLEVELAND BROWNS' OWNERS

Coach Paul Brown holds a football he drew for the men who acquired ownership of the Cleveland Browns Wednesday in a $4 million deal, biggest in the history of pro football. Flanking Brown are Arthur Modell of New York (left) and R. J. Schaefer, New York brewery executive. Standing are Robert Gries and Dave Jones, both of Cleveland.

Mick Clouts 2 Homers, Yanks Overhaul Braves

. . . 4-RUN NEW YORK 9TH ENDS WILD SLUGFEST

Bradenton, Fla. (AP)—Mickey Mantle banged home 6 runs with two home runs, a double and a single Wednesday as the New York Yankees came from behind in the 9th to defeat the Milwaukee Braves 14-11 in another free swinging exhibition game.

Bill Skowron batted in 3 other runs with a homer and two singles.

The wild late innings overshadowed promising performances by the starting pitchers, Warren Spahn of Milwaukee and Whitey Ford of the American League champions. Spahn gave up 6 runs and fanned 6 in 7 innings and Ford held the Braves to 4 hits in 5.

Home runs by Joe Torre and Hank Aaron featured 5th and 6th inning uprisings in which the Braves built a 9-5 lead at the expense of Danny McDevitt and Ryne Duren.

From there on, the 3½ hour marathon broke wide open, until the Yanks' 4-run 9th inning rally ended it.

New York	200 030 144	14	20 3
Milwaukee	000 126 020	11	14 1

Ford, McDevitt (6), Duren (6), James (8) and Howard; Spahn, Fracaro (8), Brunet (8) and Torre. W—James. L—Brunet.
Home runs—New York, Mantle (2), Skowron, Brickell. Milwaukee, Aaron, Torre.

O's Rout Reds

Tampa, Fla. (AP)—Shelling a trio of Cincinnati hurlers for 13 hits, including 5 doubles and solo homers by Chuck Essegian and Jim Gentile, the Baltimore Orioles trounced the Reds 9-4.

The Reds scored all their runs in the final two innings, two on Frank Robinson's 4th exhibition homer in the 8th.

The Orioles clubbed loser Jay Hook for 6 runs and 9 hits during the 5 rounds the junior righthander worked.

Baltimore	001 500 012	9	12 1
Cincinnati	000 000 022	4	8 2

Barber, Fisher (4) and Trianados, Carver (7), Busby (9); Hook, Bridges (6), Briggs (9) and Zimmerman. W—Barber. L—Hook.
Home runs—Baltimore, Essegian, Gentile. Cincinnati, Robinson.

Nats Trounced

Pompano Beach, Fla. (AP)—The Minnesota "B" team handed the Washington Senators their 4th straight loss of the exhibition season, 11-3. The Senators now have a 5-6 record.

Minnesota (B)	610 003 010	11	13 2
Washington	000 200 001	3	8 3

Kralick, Ramos (6), Constable (9) and Battey; Sturdivant, Kutyna (3), Klippstein (5), Woodeshick (6) and Daley. W—Kralick. L—Sturdivant.
Home runs—Minnesota, Valdivielso.

Cards Halt A's

St. Petersburg, Fla. (AP) — Ken Boyer hit an inside-the-park homer, Lindy McDaniel a triple and Bill White and Don Landrum divided 6 hits as the St. Louis Cardinals defeated the Kansas City Athletics 5-3.

It was the Athletics' 3rd loss in 11 games.

Kansas City	000 200 001	3	11 1
St. Louis	100 110 11x	5	14 1

Kunkel, Hartman (4), Reed (6), Keegan (8) and Courtney, Pignatano (6); Jackson, McDaniel (7) and Smith, Sawatski (7). W—Jackson. L—Hartman.
Home run—St. Louis, Boyer.

Bucs Clip Wynn

Fort Myers, Fla. (AP)—The Pittsburgh Pirates jumped on starter Early Wynn for 7 runs in the first inning and coasted to a 10-1 triumph over the Chicago White Sox.

Bob Friend scattered 5 hits in pitching 7 innings, the longest of any Pirate pitcher so far is spring.

Roberto Clemente homered for the Pirates in the second.

Chicago (A)	001 000 000	1	5 0
Pittsburgh	710 000 20x	10	12 1

Wynn, Score (2), Brown (8) and Lollar; Friend, Face (8) and Oldis, Plasket (8). W—Friend. L—Wynn.
Home run—Pittsburgh, Clemente.

Phils Breeze

Lakeland, Fla. (AP) — Robin Roberts, Frank Sullivan and Art Mahaffey combined pitching efforts and stopped the Detroit Tigers on 6 hits in a 7-1 Philadelphia triumph.

Pancho Herrara broke a 2-for-20 batting slump with a 5th inning home run, and John Callison belted a two-run homer in the 6th. Both blasts were off Jim Bunning.

Philadelphia	001 013 002	7	10 0
Detroit	000 000 001	1	6 4

Roberts, Sullivan (4), Mahaffey (8) and Coleman; Bunning, Donohue (8) and Roarke. W—Roberts. L—Bunning.
Home runs—Philadelphia, Herrera, Callison.

Error Aids Cubs

Tucson, Ariz. (AP)—A walked batter scored on a Cleveland error in the 9th, giving the Chicago Cubs a 2-1 victory over the Indians in an exhibition game.

Chicago (N)	000 001 001	2	9 2
Cleveland	001 000 000	1	5 1

Ellsworth, Schaffernoth (8) and Taylor; Antonelli, Bell (7) and Holdener. W—Schaffernoth. L—Bell.

Leek Peps Angels

Palm Springs, Calif. (AP)—Rookie Gene Leek drove in 3 runs with a 415-foot homer as the Los Angeles Angels defeated the San Francisco Giants 5-3.

It was the first time in 11 exhibition games the Angels have beaten a team of major league regulars. Three previous Los Angeles victories were over the Chicago Cubs' B team.

Leek, hitting .441, has played 4 positions this spring.

San Francisco	000 012 000	3	7 0

NIT Semifinals Slated Tonight

New York (AP) — Dayton's Flyers, the only survivor of the 4 seeded teams, meets St. Louis, and Providence takes on Holy Cross tonight in the semifinals of the National Invitation basketball tournament.

Dayton, with the tallest team in the tourney, is favored to capture the title on its 8th try. The Flyers have been second 5 times.

The highest scoring team in the field, the Flyers may have difficulty penetrating the tight, aggressive St. Louis defense.

In their quarter-final, the Flyers had to overcome an 11-point deficit and a pressing defense by Temple's small hustlers to win 62-60 on Tom Hatton's 15-foot jump shot in the last 4 seconds.

The Billikens, accustomed to making a little go a long way, advanced by beating Miami of Florida 58-56 and seeded Colorado State University 59-53. Dayton's record is 20-7, St. Louis' 20-8.

Holy Cross, riding a 10-game win streak, is the hottest team in the tourney. The Crusaders (20-4) whipped Providence (22-5) by 77-72 in their last regular season game and followed with victories over Detroit (86-82) and seeded Memphis State (81-69) in the NIT.

Providence first tumbled Depaul 73-67 and then rallied to eliminate seeded Niagara, 71-68.

Three Spark St. Louis To 121-106 Win

St. Louis (AP) — The St. Louis Hawks parlayed a 66-point burst by its front line of Clyde Lovellette, Bob Pettit and Cliff Hagan into a playoff-squaring 121-106 victory over the Los Angeles Lakers Wednesday night in the second game of the National Basketball Association's Western Division finals.

Once again, Elgin Baylor was the big gun in the Lakers' attack with 35 points. But he was practically the whole show in a tension-filled game before a Kiel Auditorium crowd of 8,472.

Lovellette was top man for the Hawks with 28 points. Pettit added 20 and Hagan, who was held to only 6 in Tuesday night's 122-118 loss to the Lakers, accounted for 18.

The Hawks held a 62-56 lead at halftime but put the game out of reach in a 3rd period surge which saw them outscore the Lakers 30-22 and move ahead 92-78.

A key player for the Hawks was big Larry Foust, who spelled Lovellette and came through with 14 points, 6 in the 3rd quarter.

KREBS BLASTS HAWKS' FANS

St. Louis (AP)—"They treat us like animals in a zoo," said the Lakers' Jim Krebs after he and a fan exchanged words, a towel, a cup of beer and some water. "I'm ashamed to say I come from here."

Krebs, who comes from suburban Webster Groves, and the fan, who identified himself as Paul Elbrecht, tangled in the 3rd quarter of the Lakers-Hawks game after Krebs went out on fouls.

Elbrecht waved a handkerchief at Krebs and Jim, witnesses said, flung a towel in his direction. Some beer sailed Krebs' way and then some water splashed back toward the fan.

Krebs took a wild punch, but missed and then teammates Howard Jolliff and Ray Felix restrained him.

LEAFS TIP WINGS

Toronto (AP)—Captain George Armstrong's goal at 4:51 of a second overtime period gave the Toronto Maple Leafs a 3-2 victory over the Detroit Red Wings Wednesday night in the opener of their best-of-7 Stanley Cup semifinal playoffs. A crowd of 12,779 saw the game at Maple Leaf Gardens.

Pioneers To Stay Open Year Round

The Pioneers Golf Association has decided to keep the Pioneers course open for play 12 months a year.

Temporary greens and tees will be used from December to April to enable use of the course the entire year.

It was also decided that two putting cups will be used on each green. Each group will play to the opposite cup of the group immediately preceding it.

Future plans call for remodeling the clubhouse for the purpose of updating facilities.

Lloyd Mills was elected president of the Association. Scotty Harris will serve as secretary with Erv Peterson tourney chairman, Richard Thoene in charge of publicity and Harvey Kaufman clubhouse and greens director.

Sherman Howard To Reform Next Tuesday

Farwell—The oldest active amateur baseball league in central Nebraska, the Sherman-Howard League, will meet next Tuesday at Scotia at 8 p.m.

Formation of the league for the coming season and election of officers will top the agenda. Last year's members were Ashton, Farwell, Loup City, Spalding, Scotia, Ord, Greeley, and Wolbach.

Owen GI Speaker

Grand Island (UPI) — Jesse Owens, Olympic track star, will speak Friday night at the annual all sports banquet here.

GAMBLE PAID OFF:

Once-Unknown Javier Plugged Card Defense

St. Petersburg, Fla. (AP) — When the St. Louis Cardinals traded Vinegar Bend Mizell to Pittsburgh for Julian Javier last May the big question was "Who's Javier?"

It was a couple of months before anyone learned how to pronounce his name (Hoo-Lee-Ahn Hah-Vee-Air), but it was obvious long before than that the lean (6-1, 174 pounds), bespectacled Dominican had provided a defensive plug at second base.

At the moment, Solly Hemus, the bouncy, ever optimistic manager of the Cardinals who once was a journeyman infielder, thinks Javier "could be one of the best.

"He's real good right now in the field. He has great range, and he can make the doubleplay as good as anybody. If there's anybody with an edge on him, it's Bill Mazeroski of the Pirates.

"The only thing he has to do to be great," Solly added, "is to get on base."

Javier has the answer for that after a .237 batting average that was the only detraction in his rookie year.

"I hit better this year," he said in his soft spoken, somewhat broken English. "I swing too hard before."

Hemus doesn't hedge about how much of a chance the Cardinals took on the deal for the fleet (19 stolen bases in 23 tries) second baseman.

"We took a gamble," said Solly. "But we wouldn't have traded an established pitcher like Mizell if we didn't think Javier had something."

He certainly had a glove. With Javier at second base, tightening the defense, the Cardinals suddenly came on in the National League race and finished 3rd.

The gamble paid off not only for the Cards, but for Javier, too.

"The Pirates were supposed to bring me up before they trade me," he said. "But there is not much room on that team with Groat and Mazeroski."

JAVIER . . . Who??

TOP PISTOL SHOOTERS HONORED

Winners of the 8-week long Lincoln Rifle & Pistol Club's .22 caliber indoor pistol shoot received plaques Wednesday night as the annual event was completed. Left to right are Bruce Anspaugh, expert class; Merle Wilhelm, sharpshooter; Ted Buckmaster, marksman and Norman Yates, master. Yates was the best overall shooter in the competition. (Star Photo)

NEW CONTACT LENSE WILL STAY IN EYE

Dallas, Tex. (AP)—Those comi-tragic scenes when players from both teams delay the game to crawl around looking for an athlete's lost contact lens may be ending.

An optometrist attending a convention here this week says a new contact lens that will stay put has been perfected.

The problem of the old type of lens, says Dr. Harold I. Moss of Wilmington, Del., is that it floats on a tear and is easily jarred loose by an athlete's own vigor or a sharp elbow in the back of the head.

The new lens has a flange edge which rests on the white of the eye and slips under the edge of the eyelids.

Instead of floating on a tear, the new lens is anchored by the eyelid and by suction on the white of the eye.

The suction prevents it from being worn more than 4 or 5 hours, which is long enough for most athletic events.

KEEPING SCORE

With Al Beebe

Star Sports Staff Writer

Banquet Trail

The sports banquet trail is beginning—always a generally enjoyable pastime.

I made it to Fremont last Monday, and was treated cordially despite having rated the tourney champion Tigers No. 2 in the final Class A rankings.

I heard a minimum of griping about the rating, as a matter of fact, although the situation has been blasted heavily in other state papers. But Fremont is virtually in the position of being blackmailed, so to speak.

Tiger fans can't gripe too much, since they benefitted in 1957 when the shoe was on the other foot—Fremont got top ranking after losing in the district.

I also think Fremont is counting on winning it all next year.

Saturday, I'll journey to Chadron for the banquet there, which honors numerous teams, but will particularly fete Chadron's Class B champs.

Happened In Beatrice

Al Riddington tells a story in the Beatrice Sun. It, perhaps, is a lesson in how not to convince the voter.

Seems an open house was held to show off athletic facilities which would be replaced by a new Activities Building—up for a vote soon.

Coffee was to be served, and instructions were that the can of coffee would be sitting beside the coffee maker, and to use ¾ can.

Somebody switched a 2 pound can for the 1 pound can that was supposed to be used. It was a bit strong.

Track Season Opens

Track competition is due to get underway, with a dozen or so dual meets and a couple bigger affairs next week.

The sport continues to grow in Nebraska, with new big meets being added every year.

Falls City is holding a Relays meet for the first time, I believe, on April 1.

Ravenna is staging an invitational on its new track April 12. Coach Joe Ponseigo is looking for Class C and D school entries.

Dates of some of the larger, well-established meets:

April 5—Wrangler Relays at Burwell; 8—Columbus Invitational, Scottsbluff Relays; 12—Nebraska City Invitational; 19—Central Nebraska at Hastings; 20—Doane Invitational; 22—Dutch White Relays at Omaha Tech; Western Nebraska at Scottsbluff; 28-29—Kearney Invitational.

Athlete Fatalities

Two promising young high school athletes have been killed in recent traffic accidents.

Deshler lost sophomore blocking back Randy Cabrera from its unbeaten team of last fall. A note from coach Jerry Yowell expressed the town's shock at Cabrera's death. He was a brother of Jim Cabrera, a former all-stater from Deshler.

And Wahoo's Jim Filbrandt, a junior football and basketball star, was another traffic victim last week.

Cooper Awaiting Floyd's Decision

London (AP)—Henry Cooper's manager **sat back** Wednesday and said "we're waiting for Floyd Patterson to make the next move."

Manager Jim Wicks seemed certain that Cooper's next fight would be a world title affair against Floyd Patterson, world heavyweight champion, in New York.

"But it's up to Patterson," Wicks said. "Floyd is the champion and it's up to him to make the next move.

"We're ready to talk any time, any place. It's Patterson and a crack at his title that we want."

Cooper, British and Empire champion, boosted his chances for a bout with Patterson by stopping Joe Erskine Tuesday night. Erskine, his left eye closed and with cuts about his right eye, quit at the end of the 5th round of a scheduled 15-rounder.

Victory confirmed Cooper as the 5th-ranked challenger After his knockout victory over Ingemar Johansson of Sweden in Miami Beach, Fla., on March 13, Patterson also rated Cooper as a top challenger for his title.

Wicks rates the 27-year-old Cooper as one of the finest heavyweights Britain ever produced.

"Henry has a straight left jab that is not simply a lead. It's one that can hurt the other man. He punches with it. He can cut his opponent with it."

Then Wicks added: "Floyd can be put on the floor. We know that."

Big 8 Stars Named

Kansas City (AP)—Bill Bridges of Kansas, Henry Whitney of Iowa State and Earl Nau of Wyoming were named Wednesday to the West squad for the 10th annual Shrine East-West All-Star Basketball Game here March 28.

Youth Keynotes Woeful Phillies

. . . HOPE TO AVERT CELLAR

(Sixth of a series on major league team prospects. Philadelphia Phillies:)

Clearwater, Fla. (AP)—Youth is bursting out all over the Philadelphia Phillies who will field a team averaging only 23 in an effort to get out of the cellar after 3 straight last-place finishes.

Mauch At Helm

Gene Mauch, the 35-year-old manager who succeeded Eddie Sawyer after opening day last year, has one year under his belt. He thinks it will help both himself and the ball club.

"The kids should improve with experience. Some of them have unlimited potential, especially the 3 young outfielders — Johnny Callison, Tony Curry and Tony Gonzalez," says Mauch.

Mauch shook up the Phils after he succeeded Sawyer. The club won only 59 games and finished 36 games behind Pittsburgh.

The Phils have half an infield with Pancho Herrera (.281) on first and Tony Taylor (.284) on second.

Leading Hitter

"All I hear about Herrera is that he struck out 136 times," said Mauch. "They forget he led the club with 17 home runs and 71 runs batted in his first year. Taylor led the club in hitting. He is an exciting player and an excellent baserunner."

Mauch is high on shortstop Ruben Amaro (.231) as a fielder. If he can hit .250 he has the job. Rookie Bob Wine (.269 at Buffalo) and Joe Koppe (.171) are the opposition.

Third base is a scramble between Jim Woods (.260 at Indinapolis) and Bob Sadowski (.340 at San Diego and .223 at Rochester) who was acquired from St. Louis.

Curry In Left

Mauch has Curry (.261) ticketed for left even though the 23-year-old left camp Monday night and headed for his home in the Bahamas.

Gonzalez (.274) is earmarked for center with Callison (.260) in right. Bobby Gene Smith (.286), Bobby DelGreco (.237) and Ken Walters (.239) are available for defense.

Clay Dalrymple (.272) and Clarence Coleman (.258 at Montreal) may be the catchers.

"If we have one real strength it is our pitching," said Mauch. "If Art Mahaffey (7-3) is as good as he was last year, we are in business."

Robin Roberts (12-16) has been having a fine spring with the aid of a new pitch on which he has been helped by coach Bob Lemon. Johnny Buzhardt (5-16), Frank Sullivan (6-16 with Boston) and Mahaffey are the other starters.

Relief Help

Chris Short (6-9) will see service both as a starter and relief as a helper for Dick Farrell (10-6), one of the best bullpen men in the league. Jack Meyer (3-1), Dallas Green (3-6), Jack Baldschun (12-9 at Columbia) will round out the staff.

ALLEY ACTION

Men's 230 Games, 600 Series

At Parkway—Big 8: Wayne Smack, M. G. Lehman, 246-620; Jerry McCall, M. G. Lehman, 617; Clarence Harris, M. G. Lehman, 601.

Sacred Heart Bumps Tobias For Peru Title

Lincoln Star Special

Peru—Unseeded Falls City Sacred Heart won the 15th annual Peru State Teachers College Invitational Girls Volleyball Tournament Wednesday night, defeating top-seeded Tobias, 6-8, 13-1, 8-5.

Defending champion Dawson-Verdon took 3rd place by stopping Dunbar, 9-7, 3-9, 8-2.

A capacity crowd of some 1,200 watched the finals in the Peru gymnasium.

The Sacred Heart girls, coached by Rev. Dennis Hotovy, ended a 25-game winning streak for Coach Joe Workman's Tobias team.

Tobias' last loss was to Sacred Heart in last year's consolation game in this same meet.

Sacred Heart reached the finals by defeating Dawson-Verdon, 8-6, 8-10, 12-3, in a wild semifinal game. Tobias clipped Dunbar, 11-2, 2-7, 14-3, in the afternoon semis.

USC Liked For NCAA Swim Title

Seattle (AP) — A host of Olympic swimmers and 7 defending champions will be in the scramble for 1961 titles in the National Collegiate Athletic Association (NCAA) swim meet here this weekend.

Fifty-six schools have entered more than 260 swimmers and divers.

The 3-day program opens today with the 1,500-meter freestyle as the first-day feature. William Chase of Yale, the returning champion, faces a stern challenge from Murray Rose of Southern California.

The rest of the opening-day program will be filled by preliminaries and finals in the 200-yard individual medley and preliminaries in one-meter diving.

Favored to repeat as team champion is Southern California, victor in 28 consecutive dual meets and recently crowned Pacific Coast champion.

NY Club Ties

Madrid (AP)—The Privateers field hockey team of New York and the Club De Campo fought to a 4-4 tie. The American team leaves for Paris today.

CURRY WANTS MORE MONEY

Nassau, Bahamas (AP) — A matter of money led outfielder Tony Curry to quit the Philadelphia Phillies and return to his home he said Wednesday.

Curry

The AWOL outfielder, a native of this British island, arrived by plane Tuesday from the Clearwater, Fla., spring training camp.

Wednesday Curry told newsmen, "I was told that I would have to sign a contract if I wanted to go into spring training camp. So I signed a contract for $6,000 for the season. Now I want $9,000."

Curry said he would return to the Phillies if they give him a new contract.

NICKLAUS . . . 'Like Old Woman With Mud In Her Eyes'

Losing Unusual To NCAA Combatants

Kansas City (AP) — Losing is going to be especially hard to take for any of the 4 semi-finalists in the National Collegiate (NCAA) basketball championships at Municipal Auditorium this weekend.

But for Utah's one-point loss to Colorado State U. in a Skyline Conference scramble two weeks ago, the 4 regional champions who battle for the national title Friday and Saturday would carry a combined 80-game winning streak.

The nation's longest and 3rd longest current unbeaten strings collide in Friday's 7:30 p.m., CST, opener when top-ranked, defending champion Ohio State plays St. Joseph's (Pa.). The Buckeyes (26-0) have won 31 in a row — haven't lost since Feb. 19, 1960, when Indiana spilled Jerry Lucas & Co. in their next to last regular season game last season.

St. Joseph's, with a 24-4 record, has won 15 in a row since its last loss — 87-75 to Xavier of Ohio early in January.

20 For Cincy

Cincinnati (25-3), which faces Utah (23-6) at 9:30 p.m. Friday, has won 20 in a row — including an 89-53 rout of Xavier — since its last defeat Dec. 23 to Bradley, 72-53.

Utah's 50-49 loss to Colorado State U. is its only blemish in its last 14 starts. That setback forced a playoff with CSU for the Skyline Conference's NCAA tournament berth, which the Utes won 55-51 after trailing by 11 points at one stage.

Despite the revelations in New York of a new basketball scandal, this town of steaks and sports eagerly was awaiting the arrivals of the competing teams. At the same time, the hotels were filling up with coaches, here for their 3-day convention beginning today.

The NCAA has been assured of a sell-out crowd at the 10,500-seat auditorium for two months. The auditorium has been the site of the national championships 8 times in the tournament's 23-year history — the last time in 1957, when unbeaten North Carolina beat Michigan State in triple overtime, then Kansas and Wilt Chamberlain in another triple overtime for the title.

GALS' STATE GOLF SLATED

The women's state golf tournament will be held at the Lincoln Country Club from July 17 to July 21.

The dates were set at Tuesday's meeting of the members of the board of the Nebraska Women's State Invitational Golf Association.

Mrs. W. W. Carveth of Lincoln is president of the association.

Cornhusker League Has Four Members

York — The Cornhusker Baseball League, presently set with 4 teams, will map final plans for the 1961 season here Sunday.

Stromsburg, Central City, Aurora and Columbus have already indicated they are set for '61 membership.

Lincoln, David City, Geneva and Schuyler have shown an interest in joining.

Weber's 68 Low In Western Golf

. . . NICKLAUS 3 BLOWS BACK

New Orleans (AP) — Tall Ron Weber, a 21-year-old collegian giving his new contact lenses a workout, trimmed par by 3 strokes with some strong putting Wednesday to take the first round lead in the 59th Western Amateur golf tournament.

Weber, a member of the powerful University of Houston golf team and a native of Bayside, Calif., shot a 35-33—68 over the New Orleans Country Club course.

The rail-thin Californian showed a one-stroke lead over Carl Lohren of Silver Spring, Md., Dudley Wysong, of McKinney, Tex., and Dicky Crosby, East Chicago, Ill.

Weber had a 3-stroke edge over tournament favorite Jack Nicklaus of Columbus, O., who "played like real old woman with mud in her eyes" with a par-matching 71.

Scores were not as low as expected on the 6,505-yard course, still wet from heavy weekend rains. Most of the 139-man field agreed the fairways could have been better since damp spots held roll to a minimum.

A slight breeze played over the compact course but a bright sun shone all day and temperatures reached the mid 70s.

Other leading scorers included Kermit Zarlety of Seattle, Wash., tied with Nicklaus at 71 and a quartet knotted at 72—1960 Wester finalist Bob Cochran of St. Louis, Mo., National Amateur champion Dean Beman of Bethesda, Md., Fritz Ingram of New Orleans and Ed Brantly of Signal Mountain, Tenn.

TOM BREWER HAS HAD IT

Boston (AP)—Boston Red Sox right-hander Tom Brewer has decided to retire at the end of this season, the Boston Globe said Wednesday.

"I've had it," the 29-year old curve ball specialist was quoted as saying in Scottsdale, Ariz., the Red Sox' training headquarters.

Brewer, from Cheraw, S.C., has been one of Boston's regular starters for 7 years. His 8-10 record last season was the poorest in his career. He is 88-80 for a career. His best season was 19-9 in 1956.

Game Commission Raps Free Put-Take Fishing

A bill proposing that no fishing licenses be required for angling in commercial put and take fisheries met with opposition from the State Game Commission at a hearing before the Agriculture Committee Wednesday.

The bill, introduced by Sen. William Moulton, Omaha, would provide for a $25 licensing fee for such fisheries.

No one could operate such an establishment without first getting a permit from the commission.

The commission would investigate each fishery annually and make sure that it was a commercial put and take establishment operating within all applicable state and federal laws.

Moulton said as far as he is aware the measure would affect only about 12 to 15 fisheries in the eastern part of the state.

Many of the persons who fish in these areas, he said, are in the low income bracket or are elderly and find it difficult to make extended fishing trips.

Franke Foote, supervisor for the commission, said he took "no personal pleasure" in opposing the proposal. But he said the line on fishing license exemptions must be drawn somewhere.

He noted that old age recipients children under 16, and some veterans are already exempt from paying the license fee.

There is also no license for angling in a private pond privately stocked, he said.

The committee did not act immediately on the bill.

Sunshine Features $$$ Duel

Miami Beach, Fla. (AP)—A battle for the money-winning lead is in prospect as the pro golf tourists tee off in the sunshine Open at the Bayshore course today.

The 72-hold event over the 6,632, par 36-36—72 layout has attracted an excellent field, with many of the entrants using it as a tuneup for the Masters, and at least 3 of the players needing the points they might win to qualify for the Augusta tournament.

The battle for the money-winning lead is between Gary Player, the stocky young South African, and Arnold Palmer, top money winner and top just about everything else in golf last year.

Player currently is in the lead, with $21,561 in winnings in 11 tournaments and various pro-Amateurs. Palmer has played in 9 events and has won $17,957.

Palmer has won 3 tournaments while Player has won only two, but the South African has been in the first-five 6 times to 5 for Palmer.

Palmer's record to date this year is almost identical to that of last year, although he has won less money. At a similar stage last year he had completed in 9 tournaments, won 3, and been in the first five 4 times. His earnings, however, were $22,226, due largely to the $12,000 he collected in the Palm Springs tournament in 1960.

YATES TAKES PISTOL PRIZE

Norman Yates finished with a 286-300 overall average to take top honors in the Lincoln Rifle & Pistol Club's .22 caliber indoor pistol shoot which wound up Wednesday night.

Yates' 286 average was 3 better than Floyd Flader over the meet's 8-week grind.

Bruce Anspaugh won the expert class, averaging 275, Merle Wilhelm's better time fire score edged John Shindelar as both averaging 276 in the sharpshooter class and Ted Buckmaster led marksmen with a 260 average.

The meet included slow, time and rapid fire shooting. Final averages:

Master—Norman Yates 286; Floyd Flader 283; Wayne Welty 282. **Expert**—Bruce Anspaukh 275; Mel Carr 272; Delbert Pinson 271. **Sharpshooter**—Merle Wilhelm and John Schindelar 276; Bob Wittstruck 263. **Marksman**—Ted Buckmaster 260; John Tomek 249; Doyle Wohlers 245.

Roads Minimum Wage Scale Formula Argued

By Don Walton

A fundamental dispute over the means by which to establish a predetermined minimum wage rate for Nebraska federal-aid highway projects was laid Wednesday before the labor and Public Welfare Committee.

The argument centered on provisions of LB615, introduced by Sen. Jack Romans of Ord at the request of the State Department of Roads.

LB615 provides that minimum rates be "the scale of wages which the state engineer finds are paid and maintained by at least 50% of the contractors in performing highway work."

Formula Backed

The formula was supported by James Critchfield of Lincoln, representing the Associated General Contractors.

Opposition was voiced by David Weinberg of Omaha, representing the State AFL-CIO.

He argued that the predetermined minimum wage rate should be based on "the prevailing wage rate in the area" in which highway construction is undertaken.

Weinberg said such standards are recognized by the State Department of Labor, the Nebraska Court of Industrial Relations and the U.S. secretary of labor.

"They all recognize there are different labor market areas in this state," he said.

Would Be Lower

Thus, wage rates outstate would be lower than those in metropolitan Douglas and Lancaster Counties, Weinberg noted.

The 50% formula, he argued, "tends to depress wage rates to an unrealistic standard."

Critchfield said the bill as written would "assure good construction without raising costs."

LB615, he contended, is only a "clarification" of present provisions of the fair labor standards act.

Predetermined wage rates are now required by the federal government in federal-aid highway projects, Harold Salter of the Department of Roads told the committee.

In other action, the committee heard LB426—which would change the name of the Division of Employment Security to the Division of Employment.

No action was taken on either bill.

Klaver Accused Of Writing Slanted Reports

Sen. Sam Klaver of Omaha, chairman of the Legislature's public health and miscellaneous subjects committee, was accused on the floor Wednesday of writing slanted committee reports on bills which he opposed.

Klaver, in rebuttal, said he merely was reporting arguments both for and against when advising the body on the results of public hearings and committee action on bills before his committee.

Sen. Michael Russillo of Omaha complained that Klaver's committee statement on LB919 an Omaha water fluoridation bill, represented the "views of the chairman of the committee." The committee approved the bill 6-1.

Russillo said he complained personally to Klaver and was told "If you don't like it, tell it to the Legislature."

A similar complaint was registered by Sen. Theodore McCosh of Gering with reference to Klaver's committee report on LB235, revising laws related to the licensing of pharmacists.

Exiled Cubans Plot Castro's Ouster

New York (AP)—The leader of a new amalgamation of Cuban exiles pledged Wednesday that overthrow of Fidel Castro's government would mean an end to firing squads and bring free elections within 18 months.

Jose Miro Cardona, a 59-year-old lawyer who once served briefly as a Castro prime minister, outlined the group's intentions, following an announcement of plans to form a new "revolutionary council" to overthrow the Cuban dictator.

He asserted that anti-Castro forces definitely are planning an invasion of Cuba, although no date was specified. Although the new council is made up only of two of the major anti-Castro groups, Cardona called for assistance from exiled Cubans "from Canada to Patagonia."

Cardona's program called for a return to private investment and free enterprise on the island republic.

In a news conference, Cardona skirted questions of military character on grounds such information would be helpful to Castro. He declared:

"The arms which we have and the arms which we will have will become known when Castro feels their impact."

Remaining differences between various anti-Castro factions are being resolved, Cardona said, and the aim of the revolutionary council is to "overthrow the Communist tyranny which enslaves the people of Cuba and to re-establish moral peace and harmony among all Cubans."

Cardona served 45 days under Castro in the first government set up by the revolutionaries. Then he broke with the Cuban leader.

The new council plans to designate itself "the government of Cuba in arms," rather than a government in exile.

Another member of the new organization explained that it is not being called a government "because Cubans don't want a government in exile. When the council is in Cuba then it will become a government."

Under U.S. law, the government must recognize and give its permission to any group in this country seeking to call itself a government in exile.

CHARGE GETS GUILTY PLEA

Two Lincoln Air Force Base airmen pleaded guilty Wednesday in County Court to contributing to the delinquency of a minor charges.

Judge Ralph Slocum deferred sentencing Louis B. Dixon, 19, and Nocomes Clingman, 23.

Dixon was charged with a morals incident involving a 14-year-old girl and Clingman was charged in a similar incident involving a 15-year-old girl. Both incidents reportedly occurred March 15.

The girls and two boys, 13 and 15, were all referred to county juvenile authorities.

Christian Action Group To Discuss Debatable Film

Firth (AP)—The Nebraska Association for Christian Action, representing Evangelical protestant pastors in the state, will hold a meeting in Norfolk Monday, May 8.

The Rev. A. R. Paashaus of Firth, president of the group, said the group probably will consider a resolution dealing with the House un-American Activities Committee film "Operation Abolition," which will be the subject of studies presented at the meeting.

Thomas Whitney, superintendent of schools at Valparaiso, is listed as the evening speaker at the meeting.

The Rev. Mr. Paashaus described the NACA as a conservative organization, both in politics and religion, with the purpose of speaking out with a united voice on public issues where a Christian moral position can be spelled out from the Scriptures.

Resource Conservation Understanding Urged

No boy or girl should leave high school without a basic understanding of resource conservation, according to "Educationally Yours," a monthly publication of the Nebraska Department of Education.

The publication, out Wednesday, said that about 37% of the total area of Nebraska has been severely affected by erosion in about 85 years of use.

"What will it be in another 85 years?" it asked.

It urged the schools to step up their efforts in teaching conservation.

Fear No Excuse

Tokyo (UPI) —U.S. Air Force dependents who are afraid of airplanes will no longer be able to use that as an excuse for requesting sea transportation when they return home from the Far East.

Youthful Kidnap Victim's Body Found In Ontario

Belleville, Ontario (UPI)—The body of a 10-year-old kidnap victim was found in an open field near here Wednesday 24 hours after the Boy's Scout Master, who had been released after questioning by police, committed suicide.

Little Thomas McNevin, son of a creamery operator in the Canadian farm city, was abducted Monday after leaving home to play hockey with some friends. His father received a $25,000 ransom demand and the scout master, Warren Williamson, 41, said he had been chosen by the kidnapers as "go-between" to deliver the ransom money.

Police did not disclose the abduction until early Wednesday, when a massive task force of police and volunteers was rounded up to search for missing, brown-haired Tommy. The body was found 5 miles northwest of here.

Williamson told police Tuesday that he had found a ransom note attacked to the sun visor of his automobile instructing him "do as you are told if you want to help the boy."

Police questioned him at length about his story but released him. Tuesday night, in the basement of his ranch style-home, Williamson shot himself to death with a shotgun, police said.

It was discovery of the suicide that led Crown Attorney John A. Pringle to tell reporters earlier Wednesday he was "not hopeful" Tommy would be found alive.

The boy's father, Donald McNevin, was described as being in comfortable circumstances but not particularly wealthy.

The father said he received a telephone call two hours after Tommy left home Monday afternoon advising that his son had been kidnaped and to look in a newspaper box two blocks from his home. The box contained a note reading.

"Get $25,000 in used 5s, 10s and 20s. Pack it tightly in a brown paper and tie tight. Park your Cadillac in front of 241 Ann Street at 3 p.m. Tuesday and stay for 15 minutes to show instruction completed. You will receive a call any time after 9 p.m. with further instructions and your son will be home shortly after midnight tomorrow (Tuesday)."

Later, however, Williamson showed up at the McNevin home with the note he said he found in his automobile. It gave further instructions about a rendezvous at a local drive-in restaurant and advised: "give all instructions to delivery man. He will be told what to do with them."

The proposed rendezvous in the note Williamson produced was for 10 p.m. Tuesday. The scout master, after questioning by police, killed himself before the scheduled appointment, police said.

Tommy was the second youngest in a family of 4.

Police officials said an investigation was still being made into the case.

Third Finch, Tregoff Trial Goes To Jury

Los Angeles (UPI) — The third murder trial of Dr. R. Bernard Finch and Carole Tregoff, who are accused of killing the surgeon's wife for love and her $750,000 estate, went to a 10-man 2-woman jury Wednesday.

Judge David Coleman turned the case over to the jury after suggesting it deny a former defense plea for double jeopardy, in which the lovers argued they were being tried again after failing to be convicted on the same charge.

However, Coleman said this was up to the jury to decide and was only his opinion. He said he reached this opinion since there was no verdict or decision in the two previous trials.

The jury was locked up for the night at the downtown Alexandria Hotel and will start its deliberations Thursday.

In his instructions on the double jeopardy question, Coleman stated:

"It is my opinion, both as a matter of law and fact, that no verdict or final determination of any issue was ever reached."

'Found Guilty'

Finch's attorney, Maxwell Keith, had contended the second trial jury actually found the surgeon guilty but Judge Leroy Dawson rejected the verdict as no decision was reached on Carole.

Last week, Don Bringgold, attorney for Miss Tregoff, 24, had asked the jury to disregard her part in the double jeopardy plea.

Coleman passed up his opportunity to comment to the jury on other matters. He read from formal instructions for one hour after prosecutor Clifford Crail had concluded final arguments.

Earlier Wednesday, juror Elizabeth Stevens, a gray-haired housewife, fainted in the courtroom in her second collapse in 6 days. She was replaced by a male alternate, bringing the jury to its present 10-2 status.

'The Beef State' To Remain On Auto Tags

The Legislature's public health and miscellaneous subjects committee decided Wednesday that the inscription, "The Beef State," should remain on Nebraska license plates.

It also rejected a plan to substitute "The Meat State" for "The Beef State" on the plates.

Bills proposing the changes were killed 4-0 following a public hearing.

LB509, introduced by Sen. George Syas of Omaha, would have dropped the present inscription.

For Identification

Syas said the plates are designed for identification, and slogans or anything else placed on them help defeat this purpose.

Sen. Arnold Ruhnke of Plymouth offered an amendment to place the words, "Historic Nebraska," on the plates.

LB584, replacing "The Beef State" with "The Meat State," was introduced by Sens. Willard H. Waldo of De Witt, Matt Wylie of Elgin and Lloyd W. Stalder of Humboldt.

Introducers noted that meats of all kind, not only beef, represent the number one product of the state.

Heard, Advanced

In other action, the committee heard and advanced LB609 and killed LB511.

LB609 would allow city and county officials to make arrangements in Douglas County for the care of prisoners other than state prisoners.

LB511 would have provided special identifying license plates to state legislators and members of the congressional delegation from Nebraska.

Open House Set For New Mental Health Office

The Mental Health Assn. will hold an open house at its new office at 1345 N, Room 101, from 2 to 5 p.m. Thursday.

According to Mrs. L. A. Enersen, the open house will not only serve to acquaint people with the location, but will also open the reading room on mental health problems to the public.

The reading room, staffed by volunteers, will be open from 10 a.m. to 3 p.m. Monday through Friday, Mrs. Enersen said.

Serving as hostesses for the open house are: Mrs. Fred Wells, Mrs. Robert Simon, Miss Alice Abel, Mrs. John Bogan, Mrs. Glenn Deeter, Mrs. Ada Westover, Mrs. J. W. Maxcy, Miss Kay Ewark and Mrs. Herbert Hedke.

Withdrawal Of LB457 Asked By Staubitz

Sen. Ernest Staubitz of Kearney asked legislative permission Wednesday to withdraw his LB457, a measure authorizing the State Department of Agriculture to adopt rules and regulations for the control of agricultural chemicals.

Staubitz said constituents who asked the bill "have been convinced they should first develop a feasible control program for the use of chemicals in the agricultural lands to be irrigated."

Legislative rules require that action on the request be deferred at least one day.

GOVERNOR'S CONFERENCE BACKS RESOLUTION FOR AGED HOUSING

The Governor's Conference on the Aging passed a resolution Wednesday that an amendment to the Nebraska statutes be introduced which would permit construction of facilities designed for housing the aged.

According to the group, this procedure would eliminate the cost of the referendum vote, which is now required by statutes, and would eliminate the necessity of circulating petitions to have the issue placed on the ballot.

In discussing the report to the White House Conference, they also passed a resolution that the delegation to the White House Conference on Aging go on record as favoring LB 642 which implements the Kerr-Mills bill on the state level.

In other action, the conference recommended the establishment of a permanent commission on aging in Nebraska to be financed through funds appropriated by the Legislature, with members to be appointed by the governor.

They also recommended the Ad Hoc Commission on Aging in Nebraska be dissolved.

Hearing On Beer License Extended

The Nebraska Liquor Commission has continued until April 7 a hearing on the application by Henry W. Novak of Lincoln for a retail beer license.

Lancaster County officials have recommended denial of the license. Novak's establishment is outside the corporate limits of Lincoln.

Reeser Named

The Hague (AP)—Cmdr. L. A. Reeser, 48, chief of staff of the Netherlands' home fleet, has been appointed commander of the armed forces in Dutch New Guinea, the old East Indies area disputed by Indonesia.

1126 CORNHUSKER HIGHWAY

Plenty of FREE PARKING — No Money Down Up to 24 Months to Pay

Vietnam is developing a new source of revenue, with U.S. assistance, in the cultivation of lacquer trees.

BUS HEARING CONTINUED TO APRIL

The Nebraska Railway Commission Wednesday announced continuation of a hearing to April 3 in Geneva on the possible suspension or revocation of the license of Transcontinental Bus System, Inc., of Wichita, Kan.

Transcontinental is charged with willfully discontinuing its regular route between the Nebraska-Kansas state line south of Chester and Lincoln.

Transcontinental applied for deletion of the route for lack of passengers on Feb. 14, but the commission denied the application.

On Feb. 23, the bus company stopped service on the route without commission approval.

The commission also said it will hold a hearing March 27 on an application of Mrs. E. R. Triplett of Tekamah to haul passengers on a contract basis between Tekamah and Fremont, serving also the intermediate points of Herman and Blair.

The commission said Mrs. Triplett needs a permit to operate as a contract carrier because she has been charging fares for hauling workers to and from the 4 communities in her station wagon.

The permit will not allow Mrs. Triplett to haul the general public.

The hearing will be held in Tekamah.

'What's A Bus?' Crux Of GM's Antitrust Suit

Detroit (AP) — General Motors Corp. says a bus is a bus. The United States government says it ain't necessarily so — that "city and intercity" buses and school busses can't be counted together.

A battery of half a dozen lawyers on either side currently are debating and asking other people: "What's a bus?"

They've been at it 12 days before U.S. District Judge Theodore Levin and they forecast they'll keep right on through next week.

Monopoly

On the nub of what's a bus will turn a government antitrust suit filed in 1956 — 5 years ago — charging GM monopolizes manufacture and sale of so-called city and intercity buses "designed, engineered and constructed for heavy duty common carrier service."

GM argues that a bus is a bus, that school buses can be utilized as city or intercity buses and vice versa; that more than 20,000 buses of all kinds were made in the United States last year, but that GM built only 3,700 of them and couldn't possibly be monopolizing the field.

Judge Levin specifically is to rule on "the relevant market" for uses. When he does, actual trial of the long-pending antitrust suit can begin on its merits.

If GM is convicted, no one is going to jail. This strictly is a civil case. The recent electrical antitrust suit in which some executives were sentenced to prison was a criminal action.

Never Come

If the government wins, the judge could order GM to get out of the bus field or place some curb upon it. GM lawyers say that day will never come.

The government charges GM violates the Sherman Antitrust Act through its alleged monopoly in the "city and intercity" field. In its original complaint it charged GM hogged 85% of the market in 1955 for that type bus, and argues now the percentage hasn't gone down.

Named as co-conspirators but not as defendants are the Hertz Corp. of New York, Greyhound Corp. of Chicago, National City Lines of Chicago and Public Service Co-Ordinate Transport Co. of Newark, N.J. Together they operate more than 12,000 buses in and between cities.

3 Prospective ASC Members Attend Meeting

Omaha (AP) — Three Nebraskans expected to be named as the new state Agriculture and Stabilization Board members are in Omaha at their own expense to attend a feed grain conference Thursday.

They are Albert A. Francke, Walton; Joe A. Tresnak, Dodge, and Gene E. Gerdes, Alliance, who have been selected for the ASC but who have not yet been confirmed by Agriculture Secretary Orville Freeman.

Freeman will be at the Thursday session to explain the feed grain program. Wednesday's session of ASC men was confined to technical discussions.

Attending are ASC officials from Nebraska, North and South Dakota, Minnesota, Iowa, Indiana, Missouri, Illinois, Michigan, Wisconsin, Kentucky and Ohio.

Among them is Mrs. Treva T. Howell, Jackson, Ky., only woman ASC official in the U.S. She operates a 366 acre farm.

FRATERNAL CALENDAR

Thursday

East Lincoln Lodge 210, AF & AM, master Mason degree, full dress, 6:30 p.m.

Ladies Saline Encampment 4, IOOF Hall, 8 p.m.

Mrs. Putney New Health Chairman

Mrs. Fred W. Putney was appointed chairman of the City-County Citizens Advisory Health Council at its annual meeting Wednesday, to succeed Morris Siegel, past chairman.

Mrs. Putney

Officers elected at the meeting were Cyril Bish, vice president, and Mrs. Mary Carey, secretary.

New executive committee members elected for 3-year terms were Mrs. Bernal R. Camp, Dr. G. E. Stafford, the Rev. Everett Reynolds, and Herbert C. Henderson.

Mrs. E. A. Rogers was chairman of the nominating committee.

BARBARA BARKER TO 'ADVERTISING WEEK'

Barbara Barker of Lincoln will attend "Inside Advertising Week" from April 2-9, as the University of Nebraska representative to the annual career advertising event in New York City.

Sponsored by the New York Advertising Club and the Association of Advertising Men and Women, the program will involve lectures, demonstrations and field trips to New York advertising firms.

More than 100 colleges in the United States will be represented during the seven-day event. The University has attended every year since 1950, when "Inside Advertising Week" originated.

Barbara, daughter of Mr. and Mrs. Paul Barker, is a senior in the College of Business Administration and is also working toward a professional journalism certificate. She is a member of Alpha Phi social sorority.

She will receive a travel grant sponsored by the Downtown Lincoln Association, according to Louis Shackleford of Hovland-Swanson, president of the association.

The alternative representative is Mats Holm of Mullsjo, Sweden.

POLICE MINUS TAPE MEASURE

A 50-foot tape measure belonging to officer Ron Flansburg was stolen from his locker at Police Headquarters.

Police are checking into the possibility that it may have been an "inside" job.

Fluoridation Is Topic For Noted Dental Official

Dr. C. Gordon Watson of Chicago, assistant secretary of administrative affairs for the American Dental Association, will address a Friday noon luncheon meeting at the Cornhusker Hotel.

Kenneth P. Lewis, chairman of the Citizens Committee for Fluoridation, said Dr. Watson would discuss purposes of fluoridation and its effects in other cities.

In addition to members of the fluoridation committee, representatives of civic clubs and other organizations will attend.

A Potent Wallop Means Quick Knockout

YORK, Nebr.—Mr. C. W. Hickmon, 219 W. 16th St., says: "There isn't anything that will compare with Baker's Hair Tonic for dandruff and itchy scalp. A very bad case of dandruff and itchy scalp had plagued me for years. Baker's knocked it out in short order, and I am never bothered now." It's so easy and pleasant to use. Not messy or greasy like most so-called dandruff remedies. Use it any time, anywhere. No Federal excise tax on Baker's Hair Tonic, because it's a specific for dandruff. Baker's has such a potent wallop, it is guaranteed to quickly knock out dandruff and itchy scalp, or money back. Adv.

Easter Sales Volume High

By Jack Lefler
AP Business News Writer

New York (AP)— Easter buying generally is hitting a strong pace, sparked by growing confidence about the economy and by good weather.

And the Easter parades will be more colorful than ever.

This was indicated by an Associated Press survey of merchants in major cities.

Reports from big industrial centers showed that high unemployment hadn't put a severe dent in sales volume.

Exact comparisons with last year are difficult because of the calendar and the weather. Easter, falling on April 2, is two weeks earlier. The weather has been mild in most areas in the last two weeks while a year ago storms were raging in much of the country.

Good weather, arriving after a long, hard siege of winter, was almost universally hailed for setting cash registers to jangling.

Clerks in a Richmond, Va., department store reported this most frequently heard remark by women shoppers:

"I'll sure be glad to get out of coats and galoshes and into something light and bright."

Hats Go Wild

From reports of brisk sales of apparel, they were doing just that. Colors of dresses, suits and coats are gay. Hats are really wild.

Easter buying appeared to be following its traditional pattern: Mainly apparel, accessories and toys. High-priced luxury and novelty items and heavy appliances weren't getting much of a play.

"The folks are laying it out for the children's clothing as usual," said J. P. Hansen, president of the Fair Store in Chicago. "There'll be a normal pickup in things for mother a few days before Easter. Dad will probably wait until Father's Day for something extra."

People in recession-hit areas were buying but tended to choose lower-priced goods. Credit collections appeared to be holding up well in most cities.

Pittsburgh Even

In Pittsburgh, with unemployment high among steelworkers, sales were reported running about the same to slightly higher than last year.

In Cleveland, sales were even to 20% ahead of a year ago.

Detroit, where unemployment totaled 207,000 at mid-February, reported shoppers spending less money than usual because of uncertainty. However, merchants felt the announced upward revision of automobile production may prove a psychological breakthrough.

Business appeared healthy in Boston with most of the money being spent on women and children.

Chicago merchants indicated unemployment didn't seem to have depressed buying.

A spokesman for the Greater Philadelphia Chamber of Commerce said:

"Business on the whole is feeling better. There is no noticeable putting off of buying because of unemployment since those out of work anticipate extension of unemployment benefits."

★ ★ ★

LINCOLN SETS 'RECORD PACE'

"Even considering the adjustment for normal Easter buying, Lincoln retailing is continuing its record setting pace of February," according to Lou Shackelford, president of the Downtown Lincoln Association.

"While I haven't made a personal check of all businesses," Shackelford said, "there seems to be a very optimistic attitude. Lincoln has been skipping over the recession."

He cited the "tremendous crop year" in 1960 as providing a firm foundation for business.

Good weather has helped, too, he said, "but Lincoln business has been outstanding in comparison to the rest of the country since last fall when the political campaign started affecting people."

Father Found Guilty Of Daughter's Death

Omaha (AP) — Morris L. Saxton, Omaha, was found guilty Wednesday of manslaughter in the death of his infant daughter.

The District Court jury deliberated for 3 hours before returning the verdict. Saxton, 40, was charged with letting the child die of neglect.

The infant died Feb. 7.

MID-STATE RECLAMATION RESOLUTION HITS SNAG

A resolution urging Congrews to appropriate money for construction of the mid-state reclamation project in Nebraska ran into a temporary snag in the state Legislature Wednesday.

Sen. Hal Bridenbaugh of Dakota City, on grounds he wanted more information before casting a vote, asked that the resolution be held until Friday.

Sen. Ernest Staubitz of Kearney, a co-introducer of the resolution, objected but Bridenbaugh won 36-4 support on a machine vote and the resolution will be held until Friday.

The current resolution, introduced Tuesday, is similar to resolutions approved at the last two previous regular Unicameral sessions. Legislation to put the $81 million project in Hall, Buffalo and Merrick Counties under construction currently is pending in Congress.

Sen. Marvin Lautenschlager of Grand Island, principal introducer of resolution No. 14, and co-introducer Sen. Hans Jensen of Aurora made brief speeches supporting the resolution. Jensen said the project stands to stabilize underground water levels in his area, and suggested it will do more for tourist development than will the park development bill (LB208) "because this is a reality."

Sen. Jensen said a similar resolution was "a real issue" 4 years ago but persons apprehensive about it at the time had since been convinced.

'Inadequate Education' Going To 6,000 Handicapped Youths

By Richard Archbold

More than 6,000 handicapped children in Nebraska are receiving inadequate educations, according to Galen Dodge, director of special education for the State Department of Education.

Dodge said that most of these children are integrated in regular classrooms and thus receive no special service or help. Some, he said, simply don't go to school because there are no facilities there for them to use or special instructors to help them.

"It is alarming that this situation exists in Nebraska," Dodge said.

He said that 3,450 handicapped children received special services in Nebraska public schools during the 1959-60 school year.

Represents 36%

The state paid $286,500 to local school districts providing special education for these youngsters. This represented 36 per cent of the total cost of educating handicapped children who were receiving aid.

The local school districts spent $804,691 or 64 per cent of the total cost.

The state reimburses school districts on a per pupil basis if the district provides special education for the handicapped.

Dodge said that had the state appropriation been large enough to reimburse the local districts at 100 per cent of their approved cost, they would have received $345,097.

Can't Justify

Dodge said the reason so many handicapped children receive inadequate educations is because most school districts cannot justify the added expense involved in providing special education programs.

And, he said many districts have either dropped or never started a program because money was not available from a local source or from the state.

That is why the Department of Education has been supporting LB164 which has received final approval by the Legislature, Dodge said.

LB164 would increase state aid for the education of physically handicapped children from $400 to $600 per year and for educable mentally handicapped children from $200 to $300 a year.

685TH BILL TO LEGISLATURE

The Legislature Wednesday received its 685th bill of the current session.

Introduced by the education committee, LB685 authorizes the board of educational lands and funds to establish and maintain a branch office in the state.

Sen. George Syas of Omaha, committee chairman, said the board has maintained a branch office at Ogallala since 1956 but has been advised by the attorney general and state auditor that it lacks authority to do so.

Two years ago at the same time, 696 bills had been received. The eventual total reached a record 739.

48 State Cars Up For Bids April 10

The State Purchasing Department will open bids April 10 on surplus equipment including 48 automobiles.

Other equipment includes: 170 pieces of scrap iron; 70 items of office equipment; 3 graders, and 3 farm machines.

Aerial 'Sprayers' Now Incorporated

Articles of incorporation were filed Wednesday by Midwest Aerial Sprayers, Inc., of Fremont with an authorized capital stock of $25,000.

Incorporators were Maynard G. Ranslem and Paul R. Siems of Fremont.

The articles were filed with the Secretary of State's office.

Other filings with amount of authorized capital stock:

Don J. Mertz Company, Grand Island, real estate, $100,000, Don J Mertz and Drusilla C. Mertz, both of Grand Island.

Minute Man Corporation, Tekamah, general merchandising, $25,000, Sidney Hennig, Decatur, Louis Fowler, South Sioux City, Elva Hennig, Decatur and Emmett Hennig, Tekamah.

Farmers Wholesale Company, Kearney, real estate, $25,000, Ray E. Nelson, J. C. Tye and Ruth E. Nelson, all of Kearney.

The favorite drink of Ethiopians, besides coffee, is tej, a gold-colored liquor made of honey. Their favorite dish is wat, which is made of meat and pepper.

Revenue Solons Spend Hour With Sales-Income Tax

The Legislature's revenue committee spent another hour Wednesday working on amendments to LB421, the combination sales-income tax bill, and a companion measure, LB422.

No showdown on advancement or killing of LB421 developed during the executive session, the second in two days for the committee.

A motion by one committee member to indefinitely postpone the measure was blocked by the fact a motion to adjourn the executive session already had been made.

Sen. John Munnelly of Omaha identified himself as the senator making the kill motion.

LB421 received its public hearing last week.

Kennedy Withdraws Abbott Nomination

Washington (AP) — President Kennedy has withdrawn the nomination of George W. Abbott of Grand Island, Neb., to be assistant secretary of the interior.

Nomination was sent to the Senate by former President Dwight D. Eisenhower before he left office Jan. 20.

Living Pictures Added Feature For Palm Sunday Presentation

Lincoln Star Special

Curtis — Culminating two months of rehearsal, the 4th annual Palm Sunday choral performance will be presented in Curtis at 8 p.m. Sunday.

A new feature of this year's presentation will be living pictures depicting scenes of the time of Jesus' crucifixion accompanied by some narration.

Approximately 10 different scenes of Old Master paintings of Biblical scenes are planned, according to R. Scott Wilkinson, Curtis banker who is serving as president of the pageant.

4 Towns Represented

Residents of 4 towns, Maywood, Wellfleet, Moorefield and Curtis, make up the 70-voice chorus, directed by Mrs. Glenn Nicklas of Curtis, described as the "sparkplug" of the event.

The annual production was started 4 years ago through the efforts of the Rev. Frank W. Hainey, Curtis Methodist minister, and Mrs. Nicklas.

Between 20 and 25 persons will be taking part in the tableau scenes, directed by Raphael Yates. Another 20 volunteers will serve as stage hands and production assistants.

An estimated 120 persons are involved in the entire production, Wilkinson said.

Seamstresses Busy

Costumes for those in the living pictures are being made by local seamstresses.

Fifteen numbers will be offered by the choir with Robert L. Ellsworth, principal of the University of Nebraska School of Agriculture at Curtis, at the organ, and Mrs. Don Cole of Moorefield as pianist.

Last year's presentation attracted between 600 to 700, a capacity crowd for the School of Agriculture gymnasium, scene of each year's program.

Soloists who will appear include Allen Ziegelbein, music instructor at the Curtis ag school; Charles Gorley, Glenn Jurgens, Paula Wilkinson and Mrs. Klyte Burt, all of Curtis; Ray Meeker, Blaine Farrar, Mrs. Carroll Brown, and Jean Hayden, all of Maywood, and Margaret Presler of Moorefield.

2,304 Expected At Kearney Meet

Kearney — A total of 2,304 high school students are expected to attend the 31st annual inter-high contest at Kearney State Teachers College Friday, it was announced by Co-Chairmen Mike Shada and Gaylord Thomas.

The students will represent 139 high schools, the largest number to ever register for the event at Kearney State.

Get your FREE copy of "LAWN GAMES" by Toro. 50 games you can play on your own lawn.

Many people buy a Toro rotary because they like the way it cuts—each blade of grass is cut cleanly and evenly. Others go for the bag that collects grass clippings and leaves before they can be tracked into the house. (Bag and chute are actually a part of the "Wind-Tunnel" housing—not just an attachment as on ordinary rotary mowers.) Come in and see this versatile rotary mower today.

Science Is Not 'An Unalterable And Absolute System'—Loren Eiseley

Contrary to popular notion, science is not "an unalterable and absolute system," and in this truth lies hope that mankind may yet escape a dismal fate of complete uniformity or other extinction."

With such a thought as his text, Dr. Loren C. Eiseley, writer, noted anthropologist, Provost of the University of Pennsylvania, and Nebraska native held the close attention of his audience at the final 1961 Montgomery Lecture at the University of Nebraska Wednesday afternoon.

"There is a widespread but totally erroneous impression that science is an unalterable and absolute system," he said. "It is supposed that other institutions change, but that science, after the discovery of the scientific method, remains adamant and inflexible in the purity of its basic outlook. This is an iron creed which is at least partly illusory."

Dr. Eiseley pointed out that some physicists are now "convinced that a principle of uncertainty (rather than certainty) reigns in the submicroscopic realm of particles and that out of this queer domain of accident and impact has emerged, by some kind of mathematical magic, the sustaining world of natural law by which we make our way to the bank, the theatre, to our homes, and finally to our graves."

Human hope for true progress, Dr. Eiseley suggested, rests more with the unusual instances of non-conformity and unexpectedness than with the usual and predictable. He warned, however:

"The scientific concern with mass is in danger of programming the individual out of the universe" even while scientists themselves "are fascinated by the unpredictability that hovers over the individual and happily erratic praticle."

Emphasis in the employment of the scientific method, Dr. Eiseley declared, has shifted from one of solving problems to one of power.

"From a theoretical desire to understand the universe," he said, "we have come to a point where it is felt we must understand it to survive. Governments expend billions upon particle research, cosmic ray research, not because they have been imbued suddenly with a great hunger for truth, but for the very simple, if barbarous, reason that they know the power which lies in the particle. If the physicist learns the nature of the universe in his cyclotron well and good, but the search is for power."

Rails Vital In Modest Gains

New York (AP) — The stock market held onto a moderate gain Wednesday in the face of late profit-taking.

Trading was heavy as the list moved up smartly in the morning and then sagged.

Rails, which Tuesday reached their highest level since February 1960 on the Dow Jones average, again injected vitality into the general list but as their gains were shaved their influence on other issues waned.

This, said a broker, was only to be expected after the sharp run-up in the long-laggard carriers.

Advances and declines among key issues ranged from fractions to around a point.

Small gains were sufficient to push the Associated Press average .60 to 245.70, a new record high, with the industrials up .20, the rails up 1.40 and the utilities up .10.

There were no particular business developments to inspire the market one way or the other.

Motors moved up for a while but ended mixed.

Trading continued on its rampage with 5.84 million shares changing hands, compared with 5.8 million Tuesday.

Of 1,306 shares traded, 553 advanced and 537 declined. There were 173 new 1961 highs and six new lows.

The Dow Jones average of 30 industrials advanced .65 to 679.38, within striking distance of its all-time high of 685.47, reached Jan. 5, 1960. The Dow rail average moved up 1.00 to 150.81.

Trading on the American Stock Exchange totaled 3.63 million shares, heaviest since 3,715,400 shares changed hands Oct. 22, 1929. Turnover Tuesday was 3.18 million shares.

Corporate and U.S. government bonds were mixed to slightly higher.

Bond volume mounted to $8.58 million from $7.57 million Tuesday.

DOW JONES STOCKS-BONDS

OLD SOYAS GO TO $3

Chicago (AP) —Old crop soybean futures leaped well ahead Wednesday on a couple bullish factors and closed at $3 a bushel or more with gains of about nine cents.

The grains also continued their advance in a carryover of moderate demand from the previous session.

It was described mainly as short covering which brokers said may have been related to passage of the emergency feed grain bill by Congress which authorizes higher government price supports for curtailed plantings.

The brisk trade in the soybean pit stemmed, brokers said, from trade advices which suggested an improved export business and from the government report on crushings during February.

Soybeans closed 2-9¼ cents a bushel higher, May $3.00½-01¼; wheat ¾ lower to 1⅛ higher, May $2.05⅜-¼; corn ⅛ lower to ⅞ higher, May $1.15⅜-¾; oats ½-¾ higher, May 63¾-⅝; rye ⅝-1¼ higher, May $1.25½-.

Russia Asked To Join In Partnership

. . To Solve Problem To Detecting Underground A-Tests

Geneva (AP) — The United States asked the Soviet Union Wednesday to join in an unusual scientific partnership aimed at solving the problem of detecting secret underground nuclear tests.

Arthur H. Dean, U.S. delegate to the nuclear test ban talks, proposed that each country allow the other to examine the workings of now-secret atomic bombs to be set off underground. This would assure that neither side was using the test program as a cover to develop new low-yield atomic weapons.

The plan drew no response from Soviet Delegate Semyon K. Tsarapkin. When the 3-nation conference resumed Tuesday after a recess of several months, the United States offered a number of concessions to the Russians, including one on the joint underground testing plan. Dean elaborated on it at Wednesday's meeting.

A year ago the Russians appeared eager for a co-operative research program, but they backed away after the collapse of the Paris summit talks last May.

The dispute centered on the length of time each side would agree to abandon secret underground testing of Hiroshima-size bombs or smaller.

The Russians wanted the voluntary, unpoliced moratorium to last 4 or 5 years. The United States and Britain maintained 27 months would be long enough. Now the West, in a concession to Moscow, has gone up to 3 years.

Informants said Dean told the conference the West is trying "to meet many of the Soviet objections" by linking the moratorium to the underground research idea.

Keeping Children From School Nets 'Sect' Conviction

Louisville, Ill. (AP)—Six members of a recently organized religious group were convicted Wednesday of keeping their children out of school and told to have them back at their desks Monday. But the group's leader indicated he would resist with armed guards if necessary.

The 9 children have been attending classes at a religious encampment of the 100-acre estate of the church's founder, John Harrell, wealthy Louisville businessman.

A Clay County jury convicted Harrell and 5 of his followers. Judge Prentiss Cosby set a fine of $20 and costs for each child withheld from school.

Harrell, 39, a former Methodist who a year ago formed the Christian Conservative Church, said he intends to keep the school operating.

Harrell didn't attend the trial, but he announced he has posted armed guards around the estate with orders to resist anyone attempting to arrest him or his followers.

Rusk Orders Chiefs Not To Tell Investigators 'Anything'

Washington (UPI) — Secretary of State Dean Rusk has ordered officials not to tell Congressional investigators anything about alleged foreign aid scandals now under investigation by the executive branch, it was disclosed Wednesday.

The order was contained in separate letters to 12 officials of the State Department and the International Cooperation Administration.

All had been called as possible witnesses before a House government operations subcommittee which launched a new investigation into the foreign aid program Wednesday.

Arrogant

Rep. Porter Hardy Jr., D-Va., subcommittee chairman, denounced the order as "the most arrogant instruction" ever given to government witnesses before a congressional committee.

The ranking Republican member, Rep. George Meader, Mich., agreed in equally strong terms. He charged that "a curtain had been rung down" between the executive branch and Congress.

Meader demanded that Rusk be summoned before the House group to explain the order because it could serve as a potential "roadblock" to all kinds of Congressional inquiries.

Difficult

Hardy said Rusk should be called in Thursday morning. State department aides noted that the secretary was leaving Thursday night for a major international conference with the Southeast Asia Treaty Organization nations in Bangkok. They said an appearance by him on Capitol Hill "would be very difficult."

Hardy replied that his patience was "worn thin." He took the subcommittee behind closed doors to decide what to do.

He indicated afterward that Rusk would be asked to testify when he returned from the SEATO meeting.

Hardy said there had been signs earlier that the Kennedy administration would cooperate with his investigation, "but that hope has now been pretty well dispelled."

Added Lincoln Commercial Air Facilities Eyed

Associated Press Special Service

Washington (AP)—The Federal Aviation Agency was reported Wednesday to be studying proposals for more facilities for commercial planes at Lincoln, Neb.

Commercial planes now are using one runway at the Lincoln Air Force Base. The city has asked construction of a second runway for commercial use.

An aide to Sen. Carl T. Curtis, (R-Neb), said the FAA is making a study to determine the military interests which might be involved in such a proposal. The FAA would have to pass upon the matter of a second strip at the base before it could be authorized.

Curtis' aide said that the FAA is also seeking to determine whether the money might be better spent in the construction of a commercial airport at Lincoln.

He said there was no indication when the study might be completed. In any event, he said, no money would be available for additional facilities at Lincoln until after July 1.

Marlin Young Asks $107,000

Omaha (AP) — Marlin G. Young, 32, of Fremont, has filed an auto accident damage suit asking $107,000 from Paul Cruickshanks, 25, of Offutt Air Base.

The District Court petition states Young was injured in a crash March 15 a half mile east of the Elkhorn River bridge on Highways 92 and 275.

Cuban Cops Ask Political Asylum

Havana (AP)—Two Cuban policemen guarding the Uruguayan Embassy here knocked on the door, went inside and asked for political asylum.

Uruguayan diplomats argued they would be left without police protection.

The policemen suggested the diplomats call police headquarters for two replacements, who soon arrived and promptly asked for asylum with their comrades.

This was reported by diplomatic sources. Police headquarters declined comment.

Tot Who Started Mosquito Drive Is Hospitalized

Little Karen Kempston, 15-month-old daughter of Mr. and Mrs. Clifford Kempston, was hospitalized twice this week for treatment of an infection of the throat and released each time after treatment.

Wednesday morning firemen had rushed to the Kempston home at 915 West Q to administer oxygen by means of a resuscitator.

Miss Kempston suffered from a severe case of mosquito bites last summer. Her story, told in the pages of The Lincoln Star, led to the introduction of mosquito control legislation now pending in the Unicameral.

Wednesday afternoon the girl had a high fever, but is now resting well at home and is under a physician's care, her mother said.

DEATHS

BAILEY—Funeral of Earl Bailey, 60, of 3849 W, who died Monday, will be Friday 1:30 p.m. at Umbergers with the Rev. John Foust officiating. Pallbearers: Vern Hartshorn, Harry Thaller, Frank Bennett, Roy Lereahl, Elmer Dahl and Steve Johnson. Burial Lincoln Memorial Park.

Findies, Hossack Names Submitted

Gov. Frank Morrison Wednesday submitted to the Legislature for confirmation the appointments of John Hossack as state engineer and Louis Findies of Pawnee City as member of the Nebraska Game Commission.

The committee on committees will hold hearings before recommending for or against the confirmations.

Hossack, who has served as acting state engineer, was appointed for a term ending Jan. 3, 1963.

Findies was named to represent district 1 for a term ending Jan. 15, 1966.

U.S. Furs Arrive

Port Elizabeth, South Africa (AP)—The National Fur Producers Association has received the first batch of 3,000 chinchillas purchased in Idaho Falls, Idaho, for $280,000.

626 At Career Day

McCook (UPI) — The 14th annual McCook College career day was attended by 626 high school students from 22 southwest Nebraska and northwest Kansas towns.

NOTICE TO CONTRACTORS

Sealed bids will be received at the office of the Department of Roads in the State Capitol at Lincoln, Nebraska, on March 30, 1961, until 10:00 o'clock A.M., and at that time publicly opened and read for GRADING, PAVEMENT, CULVERTS, TEN BRIDGES, FENCE and incidental work on the YORK-LINCOLN ROAD WEST OF LINCOLN Federal Aid Interstate Project No. 1 80-8(11) and on the PLEASANT DALE NORTH Federal Aid Secondary Project No. S-838(2) Federal Aid Roads.

This project begins 6 miles west of Lincoln and extends 7.4 miles west, in Lancaster and Seward Counties.

The proposed work consists of constructing 7.8 miles of Paved Road.

The approximate quantities are:

1,900,710 Cu. Yds. Excavation

7,405 Lin. Ft. Prestressed Concrete Piling or Cast-in-place Concrete Piling

Each bidder must be qualified to submit a proposal for any part or all of this work as provided in Legislative Bill No. 187, 1955 Legislative Session.

Proposal forms for the fence items will be issued to contractors who are qualified to submit proposals for guard rail.

The attention of bidders is directed to the Required Provisions covering subletting or assigning the contract.

The attention of bidders is invited to the fact that the Department of Roads has been advised by the Wage and Hour Division, U.S. Department of Labor, that contractors engaged in highway construction work are required to meet the provisions of the Fair Labor Standards Act of 1938 (52 Stat. 1060), as amended.

Minimum wage rates for this project have been predetermined by the Secretary of Labor and are set forth in the advertised specifications.

Plans and specifications for the work may be seen and information secured at the office of the Department of Roads at Lincoln, Nebraska.

The successful bidder will be required to furnish bond in an amount equal to 100% of his contract.

As an evidence of good faith in submitting a proposal for this work or for any portion thereof as provided in the bidding blank, the bidder shall file, with his proposal, a certified check made payable to the Department of Roads and in an amount not less than the total amount, determined from the following list, for any group of items or collection of groups of items for which the bid is submitted.

Grading Items, twenty-four thousand (24,000) dollars.

Pavement Items, seventy-eight thousand (78,000) dollars.

Culvert Items, seventeen thousand (17,000) dollars.

Group 6-A or 6-B Bridge Items, eighteen thousand five hundred (18,500) dollars.

Group 6-C or 6-D Bridge Items, twenty-five thousand five hundred (25,500) dollars.

Fence Items, two thousand four hundred (2,400) dollars.

The right is reserved to waive all technicalities and reject any or all bids.

COMPLETELY NEW TRANSLATION FOR WHICH THE ENGLISH-SPEAKING WORLD HAS BEEN WAITING

"It is chaste, expressive, accurate and without governing theological presuppositions. With beauty of language and simplicity of word, it suggests that the message is addressed to the reader." Dr. Harold J. Ockenga, Park Street Church, Boston.
